FROM

THE COMMISSIONER,

Northern Division;

To

THE SECRETARY TO GOVERNMENT,

General Department,

Bombay.

Ahmedabad, 21st September 1897.

SIR,

I have the honour to submit the Annual Report on the Administration of the Local Boards in the Northern Division for the year 1896-97 together with the following statistical returns compiled in my office in the prescribed form :—

I.—Statement showing the constitution of the Local Boards.

II.—Statement showing the income of the Local Boards.

III.—Statement showing the expenditure of the Local Boards.

IV.—Statement showing the details of works for the improvement of sanitation.

Ahmedabad	Collector's	No. 576, dated 4th August 1897.
Kaira	do.	No. 95, dated 15th July 1897.
Panch Mahals	do.	No. $\frac{L. F. M.}{339}$, dated 19th July 1897.
Broach	do.	No. $\frac{L. F.}{132}$, dated 5th July 1897.
Surat	do.	No. 557, dated 16th July 1897.
Thána	do.	No. 5834, dated 5th August 1897.

2. I also append the reports, as per margin, submitted by the Collectors and Presidents of the different Boards.

STATEMENT No. I.

3. The area remained unchanged during the year. The population has been shown according to the Imperial Census of 1891.

4. No change was made in the number and constitution of the Boards, which stood the same as last year, *viz.* 6 District Boards and 40 Táluka Boards, the former being presided over by the Collector of the District, and the latter by the Assistant or Deputy Collector in charge of the táluka. The elective franchise has been conferred upon all the Local Boards in the Division except those in the Panch Mahals, owing to the backward condition of that district.

5. Of the total number of members on the Boards, 11 are *ex-officio*, 391 nominated and 328 elected. Of these, 183 were officials and 542 non-officials against 191 officials and 539 non-officials. The proportion of Europeans and Natives remained the same, *viz.*, 39 Europeans and Eurasians and 691 Natives.

6. The triennial term of the Local Boards in the Broach District having expired on the 31st March 1897, they were reconstituted during the year under report. The interest evinced in the election of members may be judged from the figures given in the following table :—

District.	Names of Boards.	Number of persons entitled to vote.	Number of voters who attended the poll.	Percentage of voters who attended the poll to the total number of voters.	Number of seats.	Number of candidates.	Number of votes obtained by successful candidates.
	Táluka Local Board, Broach ...	3,420	930	27·2	6	30	538
	Do. Anklesvar.	2,719	672	24·7	6	13	517
	Do. Vágra ...	1,401	311	22·2	6	10	254
	Do. Ámod ...	1,761	460	26·1	6	11	346
	Do. Jambusar.	3,039	568	18·5	6	15	487

7. It will be seen that there was more interest taken among competitors in seeking for seats, than among the electors in returning them. This is on account of the local importance which in some degree attaches itself to a member of the Board. In the Broach Táluka there were no less than 30 candidates for 6 seats, but the proportion of electors who came to the poll (27·2 per cent.) is disappointing, although it compares favourably with the last election, when the percentage of voters was 17·0.

8. The following table shows the number of meetings held in each district, the number of official and non-official members on the Boards and the average attendance :—

	Number of meetings.	Members.			Average Attendance.		
		Officials.	Non-officials.	Total.	Officials.	Non-officials.	Total.
Ahmedabad... ...	54	56	97	153	3·1	5·	8·1
Kaira	36	34	110	144	2·7	6·6	9·3

	201	188	542	730	2·57	5·83	8·4

9. The number of meetings held by the several Boards was 201 during the year against 229 in the preceding year.

The decrease of 28 meetings is distributed over all the districts in the Division. The average attendance of the non-official members shows a slight improvement in all the districts except Kaira and Thána, where there is a decline. There has also been a decline in the total average attendance in Kaira and Thána, but in the other districts it has improved more or less. In Gogha, the average attendance of all the members was 5·3, *i.e.* less than $\frac{1}{3}$ of the members required to form a quorum. This apparent anomaly is explained to be due to the inclusion of 2 meetings adjourned for want of a quorum. It is not always the practice to record the attendance at meetings which cannot do business for want of a quorum, but this should certainly be done, for a member has a right to have his attendance registered whether there is a quorum or not. The inclusion of these meetings would bring to notice the waste of time and delay caused by the failure of members to attend regularly. The Táluka Local Boards of Parántij, Nadiád, Jambusar, Chorási, Sálsette, Váda, Kalyán, Máhim and Bhiwndi held less than 4 meetings during the year. The explanation furnished is that in many cases business is transacted by circulating papers under Section 34 of the Local Boards Act among members instead of convening meetings, and that it was not necessary to hold more meetings. The attention of the Boards will, however, be drawn to the advisability of holding at least 4 meetings.

10. The District Local Boards held 19 meetings against 18 last year. The number of meetings and the average attendance were as per margin. There has been a general falling off in the attendance of members, especially in Thána and Kaira. The orders regarding the holding of half-yearly meetings were complied with in all districts.

Statement No. II.

11. The total income of the several Local Boards amounted to Rs. 12,83,468-1-5 against Rs. 14,27,355-2-5 last year, showing a decrease

of Rs. 1,43,887-1-0. Adding to the total income the balance of Rs. 7,63,500-1-10 at the commencement of the year, the sum available for expenditure during the year was Rs. 20,16,968-3-3 against Rs. 21,34,807-9-0 in the preceding year.

12. The following table exhibits the principal items of income as compared with the receipts last year:—

Heads.	1896-97.			1895-96.		
	Rs.	a.	p.	Rs.	a.	p.

13. *VI—Provincial Rates.*—The realizations under this head, which constitute the principal source of income of the Local Boards, are derived from the net proceeds of the one-anna cess levied under the Bombay Local Fund Acts of 1869 and 1884. The following table shows the income in each district and the incidence per head of population:—

District.	Total Income.			Revenue derived from one-anna cess.			Percentage of column 3 to column 2.	Incidence of one-anna cess per head of population.

Total ...	12,83,468	1	5	7,55,492	6	8	58·9	0	3	1

14. As compared with the previous year there is a decrease of Rs. 1,44,348-5-9. The decrease is contributed by all the districts. The largest contributor is Broach, where the decrease amounts to Rs. 1,27,035-8-9, which is due to no deferred instalments of land revenue having been realized as in the previous year. In Surat (Rs. 12,637-15-3) and Ahmedabad (Rs. 2,395-12-3) the decrease is attributed to no arrears of land revenue having been recovered during the year as in the past year. In Surat it is also explained that no instalments of the revenue demand were paid in advance in consequence of the unfavourable season. In Thâna the decrease of Rs. 1,280-7-9 is stated to be due to the fact that a portion of land revenue due in the year was recovered after the close of the year. In the Panch Mahâls the decrease is said to be due to a slight fall in the revenue demand. In Kaira the decrease is very small and calls for no remark.

15. *XIX—Education.*—There is an increase of Rs. 2,042-3-4 in the income under this head as compared with the preceding year. The chief contributor is Ahmedabad, where the increase amounts to Rs. 1,540-1-8 and is stated to be due to the contribution towards a school for 1895-96 having been received during the year under report. The increase in the other districts is very small and calls for no explanation.

16. *XX—Medical.*—The total receipts under this head amounted to Rs. 9,080-1-11, showing a decrease of Rs. 3,498-7-6. The decrease occurs chiefly in Broach, where the sale-proceeds of a Government promissory note belonging to a dispensary were credited under this head in the previous year, whereas no such sale was effected during the year under report.

17. *XXXII—Civil Works.*—The principal items credited to this head are receipts from ferries and tolls on roads, and contributions from private persons. The total income amounted to Rs. 1,80,231-15-8 against Rs. 2,04,847-14-4 in the preceding year and exhibits a decrease of Rs. 24,615-14-8, which is chiefly due to smaller contributions and to a decrease in the realizations from ferries and tolls.

18. *Toll Collections.*—The receipts under this sub-head amounted to Rs. 1,34,559-12-3 against Rs. 1,47,883-15-4, showing a decrease of Rs. 13,324-3-1. All the districts except Ahmedabad share in the decrease, but Thána is the largest contributor. In Broach and Thána it is attributed to smaller bids received from the contractors, and in Kaira, Panch Maháls and Surat to a falling off in the receipts. In Surat the falling off is attributed to decreased traffic on account of the plague, as the villagers were chary of admitting outsiders into their villages.

19. *XXXII.—Civil Works—Miscellaneous.*—The receipts under this head amounted to Rs. 6,980-9-5 showing an increase of Rs. 6,124-9-2 due to the sale-proceeds of trees, grass, &c., which were hitherto credited to I—Land Revenue, having been transferred to this head under Government Resolution No. 5130, dated 22nd September 1897.

20. *Contributions under XXXII Civil Works.*—The decrease (Rs 17,308 4-6) under "Contributions" occurs chiefly in Ahmedabad and Surat, and is due to the receipt of smaller contributions from private individuals.

21. *Contributions.*—The increase under this head amounts to Rs. 32,734-9-10 and is contributed by all the districts except Kaira. It is due to increased Government grants for water-supply, village sanitation and school buildings and to larger receipts from fees for permission to quarry.

22. The following table furnishes details of the items comprising these receipts :—

District.	Fees for permission to remove sand or to quarry.	Fixed contributions in lieu of one-anna cess on excise revenue.	Government grant for village sanitation and water-supply.	Government grant for primary education.	Fisheries fees and fines.	Government grant towards the construction of school buildings.	Government grant towards the construction of roads or other public works.	Total.

* Exclusive of Rs. 2,179-8-0 on account of contribution from other Boards.

23. *Miscellaneous.*—The receipts amounted to Rs. 2,500-3-4 against Rs. 2,514-5-10 in the previous year, and are made up of the following items :—

	Rs. a. p.
Sale of old stores, &c. ...	... 293 12 8
Staging bungalow fees ...	... 1,497 12 0
Serái fees	... 408 13 4
Other items	... 299 13 4
Total	... 2,500 3 4

24. *Cattle-pound Receipts.*—The receipts under this head amounted to Rs. 23,258-10-2 against Rs. 24,209-4-0 in the preceding year. The decrease of Rs. 950-9-10 is due to a smaller number of cattle having been impounded.

Debt.—The total amount of debt amounts to Rs. 2,611 against Rs. 1,558-12-7 last year, and is due to a larger sum having been received in Surat on account of deposits.

25. The incidence of income per head of population in the several districts of this Division is as under :—

	Rs.	a.	p.
Ahmedabad	0	4	1
Kaira	0	6	0
Panch Mahâls	0	3	8
Broach	0	9	10
Surat	0	6	10
Thána	0	4	6

The large decrease in Broach as compared with last year is due to the recovery, in the preceding year, of the land-revenue instalments due in 1894-95 as noted in last year's report.

Statement No. III.

26. The total expenditure amounted to Rs. 13,37,433-15-5 as against Rs. 13,71,307-7-2 in the preceding year, and exhibits a decrease of Rs. 33,873-7-9. The following table shows the principal items of expenditure as compared with the previous year: —

Heads.	Expenditure during 1896-97.			Expenditure during 1895-96.			Increase.			Decrease.

							Net Decrease ...			33,873	7	9

27. *Administration.*—The expenditure under this head amounted to Rs. 33,397-2-9 or Rs. 4,044-0-8 less than that incurred in the previous year. The expenditure under this head includes, as usual, charges on account of establishments entertained by the several Local Boards under Section 38 of the Local Boards Act, as also the pay and allowances of clerks employed on Local Fund work in the offices of the Divisional Commissioner, the Collectors, the Accountant General and the Educational Inspectors. The largest decrease amounting to Rs. 3,358-1-2 occurs in the Thána District and is due to the contributions for two years on account of the establishments entertained in the Collector's and Commissioner's Office having been debited in the preceding year. The decrease in the other districts is small and calls for no explanation.

28. *Education.*—The total expenditure under this head (Rs. 4,25,342-14-6) exceeded that of the previous year (Rs. 4,12,508-9-6) by Rs. 12,834-5-0. The details of expenditure are given below:—

	1896-97.			1895-96.		
	Rs.	a.	p.	Rs.	a.	p.
Middle Class Schools	477	0	0	531	0	0

Scholarships	12,128	7	6	12,059	9	7
Miscellaneous	102	9	6	249	5	1
Total ...	4,25,342	14	6	4,12,508	9	6

The increase is distributed over all the districts except the Panch Mahâls, where there is a decrease of Rs. 17-10-6 only. The chief contributors are Ahmedabad, Kaira, Broach and Surat, and the increase is due to the pay of the trained teachers being raised in accordance with the orders of Government, and to the number of teachers in Kaira and Surat having been increased. The increase in Thâna is small.

29. *Medical.*—The charges under this head consist of the following items:—

	1896-97.			1895-96.		
	Rs.	a.	p.	Rs.	a.	p.
Grants to Hospitals and Dispensaries	40,414	13	0	38,635	0	5
Vaccination Establishment and Charges ...	20,897	9	0	20,171	7	7
Sanitation Charges	3,072	7	1	3,329	8	5
Total ...	64,384	13	1	62,136	0	5

The net increase of Rs. 2,248-12-8 is distributed over all the districts except Ahmedabad, Kaira and Thâna. The chief contributors are Broach and Surat. In Surat it is partly due to expenditure (Rs. 1,628) incurred on account of the Bubonic Plague and partly to the fact that in some dispensaries more medicines were indented for than ordinarily. In Broach it is explained to be due to the travelling dispensaries opened during the year. In Panch Mahâls the increase is due to account adjustments. The decrease under this head in Ahmedabad, Kaira and Thâna is trifling and calls for no remark.

30. *Scientific and other Minor Departments.*—The following are the details of expenditure incurred under this head as compared with the previous year:—

	1896-97.			1895-96.		
	Rs.	a	p.	Rs.	a.	p.
Veterinary charges	5,510	10	7	4,712	4	5
Bull and Stallion charges	1,270	13	2	1,139	7	10
	6,781	7	9	5,851	12	3

The increase of Rs. 929-11-6 is principally due to the contributions made by the Ahmedabad and Kaira Local Boards to the veterinary hospitals and to the charges incurred in Broach for medicines supplied to several tâlukas to prevent the spread of cattle-disease.

31. *Stationery and Printing.*—The expenditure under this head includes charges for stationery purchased for office use and printing forms, &c. The

total amount expended during the year is Rs. 2,812-12-9 against Rs. 3,238-12-10, showing a decrease of Rs. 426-0-1. The decrease chiefly occurs in Thána, where less expenditure was incurred on account of printing charges.

32. *Miscellaneous.*—The charges on account of dharmshála and staging bungalow establishments, petty establishments maintained by Local Boards and contributions to Municipalities under Section 47 of the Local Boards Act are included under this head. The expenditure rose to Rs. 19,699-13-8 from Rs. 14,353-10-6 last year. The increase of Rs. 5,346-3-2 occurs mainly in Ahmedabad and Broach. In Ahmedabad (Rs. 4,621-6-6) it is due to a larger amount having to be paid to the Ahmedabad Municipality under Section 47 of the Act. In Broach the increase is nominal and is due to account adjustments made by the Accountant General last year.

33. The charges on account of petty establishments shown under this head amount to Rs. 9,314-9-0, out of which Rs. 3,855-12-8 were spent on account of the pay and contingencies of establishments entertained to watch and clean staging bungalows, dharmshálas, &c., in charge of Local Boards. The remaining sum of Rs. 5,458-12-8 was expended as detailed below:—

	Rs.	a.	p.
Pay of a servant to look after the fire-engine at Hálol in Panch Maháls	24	0	0
Pay and contingencies of the establishment entertained for planting and preservation of road-side trees and water-bearers to fill water in troughs for cattle, &c. ...	3,755	7	1
Charges of establishment entertained to ply ferries in the Broach District	1,679	5	3
	5,458	12	4

34. *Civil Works.*—The total expenditure under this head fell from Rs. 7,95,944 to Rs. 7,38,245. The charges represent 55·1 per cent. of the total expenditure during the year against 58·04 per cent. last year. The following table furnishes details of the items comprised in this head as well as the agency by which the works were executed:—

35. *Communications.*—From the above table it will be observed that Rs. 4,27,758-6-9, or 32 per cent. of the total expenditure, were spent on the construction and maintenance of roads against Rs. 4,56,883-15-2 or 33·3 per cent. last year.

36. The subjoined table exhibits the expenditure incurred in each district by the Public Works Department and Civil Agency on communications :—

Ahmedabad.

Communications.

The amount expended on communications amounted to Rs. 79,162-3-6, of which Rs. 52,492-11-3 were spent on repairs and Rs. 26,669-8-3 on new roads. The following new roads, &c, were constructed during the year :—

Kaira.

Of the total expenditure of Rs. 64,135-13-11 on communications, Rs. 9,282-12-10 were spent on original works and Rs. 54,853-1-1 on repairs. The details of expenditure on new roads, &c., are as follows:—

(19) Miscellaneous	377	9	11

Many small sums are in this district reported as having been spent on "new roads." It is to be feared they have been frittered away. From Rs. 2 to 500 will do little or nothing towards making a new road, and under the lax supervision of the average Board Establishment the money is certain to be thrown away.

Panch Mahals.

Rs. 16,328 were spent on communications, out of which Rs. 2,522-1-0 were spent on the construction of the following new roads, &c., and the balance of Rs. 13,806-7-4 on repairs to existing roads :—

	Rs.	a.	p.
(1) Metalling Godhra and Shera road	2,163	12	6
(2) Planting road-side trees	358	4	6

Broach.

The total cost of original works undertaken during the year amounted to Rs. 46,341-1-10, while Rs. 40,974-9-1 were spent on repairs. The following new works were carried out during the year :—

	Rs.	a.	p.
(1) Broach-Jhadeshver road	5,138	14	3

Surat.

Of the expenditure of Rs. 95,221-4-7 incurred, Rs. 27,119-9-5 were spent on the construction of new roads, &c., and Rs. 68,101-11-2 on repairs to existing roads. The following new works were carried out during the year :—

	Rs.	a.	p.
(1) Bridge No. 19 on Bulsár to Dharampor road ...	1,785	12	5
(2) Road from Udváda to the Udváda Railway Station ...	8,935	0	7

(15) Road from Furza dip to Pársis' well in Bulsár Táluka	597	2	5
(16) Road from Pársis' well to Hanman's temple in Bhagda Khurd	885	0	0

In this district, the Board should be exceedingly chary of making new roads, as they have not sufficient funds to keep in decent repair the roads they have already got.

The total cost of original works undertaken during the year amounted to Rs. 13,389-10-6, and Rs. 71,307-1-8 were spent on repairs. The following new works were carried out during the year :—

	Rs.	a.	p.
1. Compensation for the land taken up for the Bháynder-Utan road	1,038	11	3
2. Road from Dáhánu Bandar to Mangalváda ...	186	14	6
3. Road from Saravli to Boisar	205	13	3
4. Agáshi road	457	4	0
5. Road from Sopára to Villa	482	14	1
6. Do. Vevji to Umbargaon	4,459	12	5
7. Providing an irrigation drain at mile No. 16 of Bhiwndi-Váda road	56	0	0
8. Road from Ambadi to Wagreshwari	4,485	3	10
9. Surveying the road from Kalyán to Karjat ...	371	9	9
10. Road from Mánor to Váda	985	13	0
11. Village roads, &c.	659	10	5

In this district also there seems a tendency to spend money on new roads which the Board will not be able to keep in repair.

38. The expenditure under the head water-works and water-supply amounted to Rs. 1,96,900-1-9 against Rs. 1,79,492-13-8 in the preceding year. The details of the works carried out are contained in Statement No. IV.

39. *Contributions to other Boards.*—The expenditure under this head amounted to Rs. 14,590-8-11 as compared with Rs. 6,913-11-9 in the preceding year. The net increase of Rs. 7,676-13-2 is contributed by all the districts and is partly due to the contributions towards village sanitation in Ahmedabad, Broach, Surat and Thána having been credited under this head. In the Panch Maháls a special grant of Rs. 2,000 was made to the Godhra Municipality towards the construction of a dharmshála, and in Surat Rs. 2,000 were paid as the first instalment of the sum of Rs. 10,000 which the Board has agreed to contribute to the Broach District Local Board towards the reconstruction of a bridge over the Kim river: *vide* Government Resolution No. 4484, dated 9th October 1896.

40. *Debt.*—The expenditure under this head has risen to Rs. 30,756-13-6 from Rs. 29,986-1-9 in the past year. The increase is due to the repayment of deposits made by contractors. The last instalment of the Hope Bridge loan in Surat was paid during the year under report, and it is satisfactory to note that this long-standing debt has now been completely liquidated.

41. *Interest on Debt.*—This item represents the amount of interest paid by the Local Boards of Ahmedabad and Surat on the balance of loans advanced to them.

42. *Balance.*—The actual balance at the end of the year was Rs. 7,09,534-3-10 against Rs. 7,63,500-1-10 at the end of the previous year. The balances at the credit of the several Local Boards are as under :—

	1896-97.			1895-96.		
	Rs.	a.	p.	Rs.	a.	p.
Ahmedabad	1,23,354	0	7	1,39,118	13	4
Kaira	1,30,761	11	4	1,10,440	8	1
Panch Maháls	30,373	11	1	27,179	7	2
Broach	1,70,194	14	1	2,33,476	13	9
Surat	1,62,968	0	1	1,70,099	7	8
Thána	91,881	14	8	83,184	15	10
Total ...	7,09,534	3	10	7,63,500	1	10

The closing balances in Ahmedabad, Broach and Surat show a reduction, especially in Broach; but in Kaira, Panch Maháls and Thána they are larger than those of the previous year. In all the districts, the balances exceed the

minimum fixed by Government in their Resolution No. 107, dated 8th January 1896. In order to enable me to see that balances are not unnecessarily accumulated, and the wishes of Government complied with as far as possible, I have issued a circular to the Collectors in the Division, inviting their particular attention to the subject, and calling for a report, by the 10th January in each year, showing the balance expected to remain unutilized on the 31st March following.

45. The above table shows that out of the total expenditure of Rs. 1,96,900-1-9 on water-supply, Rs. 44,111-12-1 were spent on 81 new tanks and Rs. 79,018-12-5 on 291 new wells. The expenditure on improving existing sources of water-supply amounted to Rs. 73,769-9-3. Rs. 292-6-7 were spent in the Surat District on sanitary arrangements at the Bodhan Fair held on account of the Sinhast year and Rs. 144-11-6 were spent in providing lamps on the road from Jalálpor to the Navsári Railway Station for the convenience of the rural population. Rs. 504-5-0 were spent in the Thâna District on conservancy of towns and villages. In the Ahmedabad, Panch Mahâls and Thâna districts

Rs. 106-13-8 were spent on improving village sites. Although the expenditure on village sanitation is small, a good deal of steady work is being done in the rural tracts under the directions of the District officers in removing prickly-pear and improving the sanitary condition of the villages for which no charges have had to be paid by the Boards. As usual, much attention has been devoted to the destruction of rank vegetation and removal of manure heaps from the vicinity of the sources of water-supply and other objectionable places.

46. As required by Government Resolution No. 779, dated 30th January 1890, I submit herewith the notes of the several Executive Engineers in the Division, showing the original cost, mileage and the present condition of the Local Fund roads in their respective charges.

47. The following is a brief summary of the working, in the several districts, of Rule 2 of the Local Boards' Rules as to the appointment of a works committee for the inspection of works in progress. In Ahmedabad all the Táluka Local Boards except Modása have appointed works committees consisting mostly of non-official members who are reported to have discharged their duty satisfactorily. In some cases the terms of these committees expire with those of the Boards and in some cases the committees are reconstituted every year. The District Local Board has also a works committee, which consists of the Táluka Local Board members elected for the District Local Board under Section 7A of the Act, who inspect the works of the District Local Board in progress in their respective tálukas. Almost all the works, however, undertaken by the District Local Board are being carried out by Public Works Agency under the supervision of the Executive Engineer.

In Kaira a works committee exists in every táluka. For facilitating supervision each táluka is divided into a certain number of groups and the committee contains as many members as there are groups. Each member is assigned a particular group and is informed whenever a work is to commence in that area. All bills, whether for materials or labour, are not paid unless signed by the member of the group concerned. The Collector does not state whether there is a works committee for the District Local Board.

In the Panch Mahál no works committees have hitherto been appointed either by the District or the Táluka Local Boards for the inspection of the works in progress, as this duty is performed by the President and Vice-Presidents, but a Managing Committee has been appointed by the former for the conduct of general detailed business. It is reported that steps are in progress to appoint such committees, and to frame such rules for the guidance of the Board on the lines of the Surat Local Board Code as may suit the requirements of the district. A register of the works and buildings in charge of the Board is kept.

In Broach, works committee were appointed for every táluka to supervise the works carried on within their charges. Both elected and nominated official members, specially the Mámlatdár and the head kárkún, have been included in each of the committees.

In Surat, works committees were appointed in every táluka and works distributed to them for inspection. It is reported that the members are taking more interest in their inspection duty since the vernacular translation of the Surat Local Boards Code has been supplied to them gratis.

In Thána no works committees have been appointed by the District Board since 1892, when the powers and duties of the pre-existing committees were delegated to, and vested in, the President. The District Local Board, Thána, proposes to consider the question of returning to the old constitution. As regards the committees of Táluka Local Boards, the Collector states that the necessary information is not available for the year under report, and he proposes to supply it in next year's report.

48. In accordance with the orders of Government conveyed in paragraph 15 of their Resolution No. 3179, dated 30th July 1895, a brief review is given below of the progress made during the year in each of the districts of this Division in material improvements.

Ahmedabad.—No important works were undertaken during the year. The principal works carried out are (1) re-making the road from Ahmedabad to Dholka up to mile 8 (Rs. 6,924); (2) metalling portion of the Bareja road from Jamálpur Gate to Chándola and thence to Astodia (Rs. 3,388), and (3) constructing a causeway across the Bhogáwá between the Fedra Bridge and Gundi (Rs. 4,425). Several other useful works for the improvement of communications were also carried out, while two school buildings were completed during the year. The cost of repairing roads forms a very heavy burden, and naturally tends to increase from year to year. The charges on this account have risen to Rs. 52,492 against Rs. 47,053 last year.

With the help of the liberal grants made by Government, considerable progress has been made in improving the water-supply, which is one of the most striking features of the year's administration. The expenditure under this head (Rs. 43,662) exceeded that of the previous year by Rs. 16,177. Seven new tanks and 57 new wells were constructed at a cost of Rs. 4,679 and Rs. 10,671 respectively, while 52 wells and 75 tanks and other existing sources of water-supply were repaired at an outlay of Rs. 28,312.

Kaira.—The Local Boards of Kaira, besides spending Rs. 54,853 in repairing and maintaining existing made roads and improving rural cart tracks, spent Rs. 1,895 on metalling the important road from Nadiád to Kapadvanj, which has now been wholly metalled, and is in good order. As usual the water-supply has received considerable attention. Fifty new wells were built and 73 existing sources of water-supply were repaired, the total cost of which amounted to Rs. 36,831. Nine new school-houses were also built at a cost of Rs. 5,728. During the year the District Local Board of Kaira maintained two veterinary institutions—one stationary at Nadiád and one itinerating throughout the districts—with the help of contributions towards their cost from the Nadiád Municipality and the Nadiád Agricultural Association, and a grant-in-aid from Government. These institutions continue to do good work, and treated 2,407 animals during the year against 2,499 in the previous year.

Panch Mahál.—The expenditure of the Boards amounted to Rs. 68,917, or Rs. 31,626 less than the preceding year owing to a large portion of the accumulated balance having been fully utilized in the previous year. No new works of importance were undertaken except the metalling of the Godhra-Shera road at a cost of Rs. 2,163. Further expenditure on the road was abandoned in consequence of this road as well as the Sunth road having been provincialized from 1st April 1897 under Government Resolution No. 7 C. W. 41, dated 30th July 1896, Public Works Department. Rs. 13,806 were spent on repairing and maintaining existing roads, and Rs. 1,336 were expended on original civil buildings, which consisted of 3 schools, 2 teachers' quarters and one gallery to a school-house.

A sum of Rs. 8,811 was spent on water-supply, in the improvement of which good progress has been made. Eight tanks and 30 new wells were built during the year, while 30 wells and 36 tanks were repaired.

Broach.—The following works of importance were undertaken during the year by the Boards in the Broach District at an outlay of Rs. 21,804:—

(1) Broach-Jhadeshver road.
(2) Metalling first two miles of Dehgám road.
(3) Cross road between Dehgám and Kukervada.
(4) Improving mile No. 12 of the Broach-Jambusar road.

Two most useful bridges on the Jhadesver-Sukaltirth road have been constructed at a total cost of Rs. 4,550 and the project for a third one is under preparation, which when completed will tend to make the Broach-Sukaltirth road passable during the monsoon. The Derol-Vágra road has also been improved. A bridge over the Khandáli dip in the second mile of this road coming from Vágra was completed at a cost of Rs. 2,635 and another bridge on the same road across the Bhukhi river is being constructed; the total expenditure on this work this year amounted to Rs. 6,173. The most important undertaking commenced during

the year was the construction of the Kim bridge at Sahol, on which Rs. 4,906 were expended. The work is estimated to cost about Rs. 35,000. As the bridge connects the Surat and Broach districts, and will be useful to the people of the adjoining villages of the former district, the Surat District Local Board have agreed to contribute Rs. 10,000 towards its construction.

No new school-houses were built, but three old ones were enlarged at a cost of Rs. 2,755.

No less than Rs. 64,325 were spent on account of water-works as compared with Rs. 37,584 in the preceding year; 59 new tanks were excavated and 38 new wells were built at a cost of Rs. 56,932, while 35 existing sources of water-supply were repaired at an outlay of Rs. 7,392.

Surat.—The total expenditure during the year amounted to Rs. 2,86,010, of which Rs. 1,39,407 were spent on civil works. Of the latter sum, Rs. 27,119 were expended on new roads and improving communications by the construction of culverts, &c. A sum of Rs. 8,935 was expended on the Udváda road, which has been constructed solely at the expense of Bai Motlibai. This road has now been completed and was opened for traffic during the year under report. The complaint about the instability of the bridge No. 19 on the Bulsar-Dharampor road was removed by its reconstruction at a cost of Rs. 1,785. The progress of the Ránder-Bhesan road was hampered by the outbreak of plague in Ránder, and this has also retarded the progress of the road from the Jaferali Gate to the Pársi Tower of Silence at Káthodra which is being constructed at the cost of Bái Dinbái Petit and on which Rs. 3,445 were spent during the year. The charges on account of repairs to communications amounted to the large sum of Rs. 68,102, being Rs. 11,049 more than the previous year.

Rs. 26,163 were spent on water-supply. Five new tanks and 41 new wells at an outlay of Rs. 12,111 were built, while 80 wells, 15 tanks and one water-course were repaired at a cost of Rs. 12,043.

Thána.—The expenditure in this district amounted to Rs. 2,06,986 against Rs. 2,17,396 last year, and shows a decrease of Rs. 10,410. The expenditure on civil works amounted to Rs. 1,25,630, and of this sum no less than Rs. 71,307-1-8 were expended on repairs to communications. No new works of importance were undertaken by the Board, except the following:—

1. Road from Vevji to Umbargaon.
2. Road from Ambádi to Wagreshwari.

Amongst the other minor works carried out during the year are 5 schools, 1 dharmshála and a dead-house for the dispensary at Chinchni, which were constructed at a cost of Rs. 5,527. The improvement of the water-supply continues to make steady progress. Two new tanks and 75 new wells were constructed, and 7 tanks and 35 wells were repaired, at a total cost of Rs. 17,106. The Collector remarks that the plague and scarcity threw a considerable burden on the resources of the District Board during the hot weather; but as most of the expenditure was met from Provincial advances, or incurred in April and May, the charges on this account will have to be shown in next year's report.

49. *Execution and supervision of works.*—The present arrangements for the execution and supervision of the works carried out by the District Boards, and of the experiences under which the existing system has been developed, are briefly as under:—

The works undertaken by the Boards are carried out either by Public Works Agency or Civil Agency, and the existing system is regulated by the Bombay Local Boards Act I of 1884 and the rules framed thereunder by which—

(1) Works costing Rs. 500 and less are executed by the Boards who make their own plans and estimates.

(2) Works costing over Rs. 500 and up to Rs. 2,500 are also executed by the Boards, but the plans and estimates are prepared and approved by the Public Works Department at a charge of 2½ per cent. on the cost of the work.

(3) Works costing over Rs. 2,500 are executed by the Public Works Department at a charge of 12 per cent. on the cost of the work.

(4) In the case of roads the cost of which is to exceed Rs. 50 per mile, the plans and estimates are prepared and approved by the Public Works Department at a charge of 2½ per cent. on the cost of the work.

The works to be entrusted to Public Works Agency are usually determined by the amount of the estimate and the professional skill required; but the Boards may, if they think fit, get any of the works referred to in clauses (1) and (2) executed by that Agency at the usual charge of 12 per cent.

Generally all works provided for by the District Boards are carried out by Public Works Agency, while such of the works as are to be carried out by the Táluka Boards, if not entrusted to Public Works Agency, are constructed by the Boards themselves either departmentally or by contract.

To assist the Táluka Boards in carrying out the works to be undertaken by them, overseers are employed. In some districts there is an overseer for each táluka who draws up plans and estimates, and professionally superintends the execution of works. Works Committees are also appointed for the inspection of the works in progress, and in connection with the appointment and working of these Committees a reference is requested to paragraph 47 above and also to this office letter to Government, No. 5332, dated 22nd December 1897, in which a radical change in the Works Committees is proposed for village works.

Profiting by the experience of several years, the Surat District Board has drawn up and adopted a code of rules for the regulation of the minor details of Local Fund administration and the execution of works, and its most distinctive feature is the attempt to awaken interest in the conduct of works by the villagers themselves, who are encouraged to supervise the works carried out in their villages. This code, a copy of which has been submitted to Government, has been found to work well and is calculated to result in the outturn of good work besides preventing wasteful expenditure and ensuring proper economy. The other Local Boards in this Division have been asked to consider the desirability of adopting the code. The Kaira, Broach and Thána Boards have already adopted it with a few modifications, while the matter is still under consideration by the Ahmedabad and Panch Maháls Boards.

50. On the whole, if public spirit is a plant of slow growth in the municipal towns, it is still more so in the rural areas, where there is less solidarity of interest. The idea of self-government within the village is familiar, but any attempt to adjudicate from outside between the claims of various villages, or to subordinate the special demands of each to some common object, such as a trunk road, is novel and distasteful. It is not too much to say that the ordinary member of a Local Board limits his view of duty to getting something for his own village. On the other hand, as the various social sections are not in such close collision, there is far less spirit of faction than in the Municipality,—in fact, there is none at all. On the whole, therefore, it may be said there is less quarrelling and intrigue, but also less interest in the management of affairs. Both the framing and daily working of the machinery is, as a rule, left to the Government officials. The year under report was marked by depression due to short crops and to plague. The income decreased, and with it decreased the expenditure on civil works, though not, it is satisfactory to note, on water-works. Such fluctuations are unavoidable, and it only remains to hope that the cycle of indifferent seasons may soon be followed by compensatory good ones.

I have the honour to be,
Sir,
Your most obedient Servant,
F. S. P. LELY,
Commissioner, N. D.

K. G. DESAI, L.C.E.,
Executive Engineer, Thána District.

No. R.—6377 of 1897.

From

The Honourable Mr. J. K. SPENCE, I. C. S.,
Commissioner, C. D.;

To

The SECRETARY to GOVERNMENT,
General Department,
Bombay.

Poona, 23rd September 1897.

Sir,

I have the honour to submit the annual report on the administration of the Local Boards in the Central Division for the year 1896-97 together with the usual statistical statements Nos. I to IV compiled in the prescribed form.

Statement No. I.—Constitution of the Boards.

2. The constitution of the Boards underwent no material change during the year, there being, as in the previous year, 6 District Boards and 65 Táluka Local Boards. The total area however shows an increase of 505·9 square miles. This increase is due to the area of the Táluka Local Boards in Khándesh having been shown this year according to the figures given in the tables of the financial and commercial statistics, as directed in Government Resolution No. 3060, Revenue Department, dated 24th April 1897. The figures of area in other districts should have been similarly revised. But the orders have apparently been overlooked and the attention of the Collectors will be drawn to the aforesaid Government Resolution. The population remains the same as shown in the previous year. As contrasted with the previous year the total number of members in the year under report shows an increase of two,—one in the number of official and the other in the number of non-official members. The increase is due to the correction of the error noticed in the case of the Ahmednagar district in the last year's report.

3. Of the total number of 1,214 members, 6 are *ex-officio* in the Peint táluka of the Násik district where the elective system has not been introduced owing to the backward condition of the population, 640 nominated and 568 elected. The number of official and non-official members is 272 and 942 against 280 and 932 respectively in the preceding year. The variations are principally due to vacancies arising from the resignation, &c., of official members having been filled up by the appointment of non-official ones.

4. The subjoined table shows the number of meetings held in each district, the number of official and non-official members on the Boards and the average attendance of members at meetings.

Districts.	Number of meetings.	Members.			Average Attendance.		
		Official.	Non-official.	Total.	Official.	Non-official.	Total.
Ahmednagar	69	53	149	202	2·52	6·06	8·58
Khándesh	82	50	248	298	3	6	9
Násik	68	59	152	211	3·13	4·82	7·95
Poona	39	32	123	155	2·24	7·42	9·66
Sátára	49	44	166	210	2	7	9
Sholápur	31	34	104	138	2·61	6·26	8·87
Total ...	338	272	942	1,214	2·58	6·26	8·84

5. The total number of meetings held in the year under report was 338 against 397 in the previous year. The provisions of the law regarding the holding of half-yearly meetings were complied with by all the District and Táluka Local Boards.

6. Judging from the figures representing the average attendance of members for each district during the current and the previous years a slight improvement is noticeable in the case of official members. But it is more than counterbalanced by the falling off as regards the non-officials. The retrograde movement was however seemingly due to temporary causes traceable probably to the existence of famine and plague and it is hoped that future years will show better results.

7. The average attendance of official and non-official members shown against the District and Táluka Local Boards has been obtained by adding up the figures showing actual attendance at all the meetings and dividing the total thus obtained by the total number of meetings, or if the figures of actual attendance are not available, by multiplying the average attendance at each meeting by the number of meetings held in the case of each Local Board and dividing the sum total of the products so obtained by the aggregate number of meetings held in the district, as directed in paragraph 4 of Government Resolution, General Department, No. 2843 dated 25th May last.

The average for the division has been obtained by dividing the total of the district averages by the number of the districts in the division.

STATEMENT No. II.—INCOME.

8. The total income of the several Boards from all sources amounted to Rs. 14,01,543-10-2 against Rs. 14,87,340-9-1 in the preceding year showing a decrease of Rs. 85,796-14-11. Adding to the total income the balance of Rs. 7,14,237-0-5 at the commencement of the year the sum available for expenditure during the year was Rs. 21,15,780-10-7 against Rs. 23,67,482-8-6 in the previous year. The following table shows the income under the various heads in the year under report and the previous year :—

9. *I—Land Revenue.*—The receipts under this head chiefly represent sale-proceeds of trees, grass and loppings of road-side trees. The total realizations amounted to Rs. 2,170-9-6 against Rs. 9,064-11-2 in the previous year. The decrease which amounts to Rs. 6,894-1-8 is mainly due to lesser receipts in all the districts of the division except Ahmednagar but more particularly in Khándesh and Sátára.

As directed by Government in paragraph 13 of their review of the Local Board Administration Reports for the last year the question whether the sale-proceeds of road-side trees and their loppings should be credited to I.—Land Revenue or XXV—Miscellaneous or XXXII—Civil Works is under consideration by the Commissioners of divisions and it is not possible to introduce any change of practice in this year's report.

10. *VI—Provincial Rates.*—The income under this head is derived from the net proceeds of the one-anna cess levied under the Bombay Local Funds Acts and constitutes the principal source of revenue. The total realizations as compared with the figures of the previous year show a decrease of Rs. 66,015-14-5. The following table shows the proportion of the net receipts from the one-anna cess to the total income and the incidence of the cess per head of population :—

Year.	Total Income.	Net Revenue derived from one-anna cess.	Percentage of column 3 to column 2.	Incidence of one-anna cess per head of Population.

1895-96	14,87,340 9 1	8,26,965 5 0	55 9 7	0 2 2

The receipts have decreased in all the districts of the division except Sátára where they have slightly increased. The decrease is due to the postponement of revenue collections on account of famine.

11. *XII—Interest.*—The receipts under this head are on account of interest on Government securities belonging to dispensaries and amounted to Rs. 146-10-2 in the year under report. The receipts are the same as last year, *viz.*, Rs. 76-13-0 in Násik and Rs. 69-13-2 in Sholápur.

12. *XVII—Police.*—The income under this head represents receipts under the Cattle Pounds Acts and amounted to Rs. 1,03,306-2-10 against Rs. 1,14,537-1-11 in the previous year showing a decrease of Rs. 11,230-15-1. The decrease is noticeable in all the districts of the division except Poona where there is a slight increase and is mainly due to a smaller number of cattle having been impounded by the Forest Department from Government forests which were left open for public grazing on account of the famine.

13. *XIX—Education.*—The receipts under this head fell from Rs. 48,057-5-2 in the previous year to Rs. 47,894-15-0 in the year under report showing a decrease of Rs. 162-6-2. The decrease in the total receipts is noticeable in all the districts of the division except Násik and Poona and is mainly due to smaller receipts under Contributions in all the districts except Sholápur but more particularly in Ahmednagar and Khándesh. 21. *18—Administration.*—The expenditure amounted to Rs. 50,280-13-8 against Rs. 37,440-1-5 in the previous year and shows an increase of Rs. 12,840-12-3. The details are as follows :—

	Rs. a. p.
(1) Charges on account of establishment maintained by the several Local Boards	18,152 10 3
(2) Charges on account of office contingencies ...	4,643 11 6
(3) Charges on account of establishments in Government offices of control, mainly in the offices of the Collectors, Educational Inspector, the Divisional Commissioner and the Accountant General, including fees paid for the Accountant-General's audit ...	27,484 7 11
Total ...	50,280 13 8

The increase is noticeable more or less in every district of the division but particularly in Khándesh and is mainly due to the adjustment of the charges of the establishment in Government offices of control for the previous year having been made by the Accountant General in the current year in the case of that district.

22. *20—Police.*—No expenditure was incurred under this head in the year under report.

23. *22—Education.*—The total outlay incurred during the year amounted to Rs. 4,62,686-9-4 against Rs. 4,46,760-8-5 in the previous year, showing an increase of Rs. 15,926-0-11. The total outlay is made up of the following items :—

	Rs. a. p.
(1) Charges on account of primary schools	4,04,042 2 0
(2) Charges on account of grants-in-aid	22,862 14 5
(3) Scholarships	15,620 2 5
(4) Miscellaneous	18,956 6 6
(5) Refunds	1,205 0 0
Total ...	4,62,686 9 4

The increase appears under all heads and in all the districts of the division. But it is principally shared by Khándesh and Poona. In Khándesh the increase is explained as under :—

"It is due to increase in the pay of masters and teachers, in the contingent expenses, in the purchase of books and school furniture, to refund of the amount on account of sale-proceeds of a school at Bhálod, and to the payment towards the School of Arts and Industries."

The explanation of the increase in Poona is that the salaries of masters in primary schools were in some cases raised.

The following are the details of the amount entered under the sub-head "Miscellaneous":—

	Rs.	a.	p.
(1) Payment to the School of Arts and Industries ...	500	0	0
(2) House-rent	2,820	2	4
(3) Cost of books	1,319	1	6
(4) School furniture	1,790	4	0
(5) Prizes	1,956	1	7
(6) Travelling allowance	37	14	0
(7) Grant to Municipalities under Section 47 of Local Boards Act	1,134	5	7
(8) Contingencies and miscellaneous	9,398	9	6
	18,956	6	6

24. *24—Medical.*—The expenditure amounted to Rs. 74,873-10-9 against Rs. 69,946-6-11 showing an increase of Rs. 4,927-3-10. The details of the expenditure are as follows:—

	Rs.	a.	p.
(1) General Medical Establishment	300	0	0
(2) Hospitals and dispensaries	38,540	5	8
(3) Vaccination establishment and charges	34,743	13	9
(4) Sanitary charges	1,089	7	4
(5) Medical schools and colleges	200	0	0
Total ...	74,873	10	9

The increase appears in all the districts and is principally due to higher charges on account of hospitals and dispensaries in all the districts except Sátára, and grain compensation owing to scarcity to Local Fund vaccinators and peons in all the districts except Khándesh.

25. *26—Scientific and other Minor Departments.*—The outlay was Rs. 15,619-0-8 against Rs. 14,407-8-8 showing an increase of Rs. 1,211-8-0. The increase is mainly due to increased expenditure under veterinary charges in Násik, Poona and Sholápur, and to the increase in the amount of contributions from the Poona district to the Ahmednagar Horse Show. The expenditure is made up of the following items:—

	Rs.	a.	p.
(1) Horse fairs	1,000	0	0
(2) Cattle fairs	1,000	0	0
(3) Veterinary charges	7,457	12	7
(4) Bull and stallion charges	6,161	4	1
Total ...	15,619	0	8

26. *29—Superannuation Allowance and Pensions.*—The charge incurred is Rs. 114-6-5 against Rs. 2,112-12-4 showing a decrease of Rs. 1,998-5-11. The decrease is nominal, as was a corresponding increase last year, and is due to the absence of book adjustments which were made last year on account of an erroneous classification of items.

27. *30—Stationery and Printing.*—The total expenditure amounted to Rs. 2,849-5-4 against Rs. 2,160-8-0 in the preceding year showing an increase of Rs. 688-13-4. The increase is noticeable in all the districts except Khándesh and is chiefly accounted for by the transfer to this head of printing charges on account of Local Board schools which were hitherto shown under "Education".

28. *32—Miscellaneous.*—The expenditure fell from Rs. 18,715-1-1 in the previous year to Rs. 15,669-5-4 in the year under report. The decrease of Rs. 3,045-11-9 is mostly nominal, being due to the transfer to other heads of expenditure of items hitherto appearing under this head in the Násik and Sátára districts.

The amount entered under the sub-head "Miscellaneous and Unforeseen Charges" comprises the following amounts:—

	Rs.	a.	p.
(1) Cost of "Journal of Indian Art"	56	0	0

Of the total Rs. 3,58,645-15-10 were spent on works carried out by the Civil agency and Rs. 5,69,917-8-11 on works executed by the Public Works Department. Brief sketch of material progress (paragraph 15 of Government Resolution, General Department, No. 3179 dated 30th November 1895).

Ahmednagar.

40. As observed in the report for the last year the extent of material progress must be gauged by the expenditure on (*a*) buildings, (*b*) communications and (*c*) water-supply, and it appears that the proportion of the expenditure on each of these heads to the total expenditure is as follows:—

(*a*) Buildings	3	per cent.
(*b*) Communications	19	do.
(*c*) Water-supply	6	do.

Taking the expenditure on original works alone into consideration it comes to 28 per cent. of the total expenditure and this is what may be said to represent material progress. The principal works constructed are—

(1) The Nevása-Shevgaon-Bodhegaon road.
(2) The Kharda-Shrigonda road.
(3) The Párner-Pánoli road.
(4) Four miles of the Nagar-Mirajgaon-Karmála road.

Besides these 13 school-houses and 36 dharmshálas were constructed and 72 wells sunk.

Khándesh.

The Collector has given an excellent sketch of the requirements of the district and the progress made during the year. I quote it below in full:—

"There has, I am afraid, not been much material progress during the past year in the Local Fund works that we were most interested in. Owing to the famine we thought it right to withdraw money from the bridges and culverts of roads that we were most anxious to finish and to devote it to earth-work on roads to which we attached but secondary importance. Still such as it was I will attempt to describe it.

"The 'ultimate requirements of the district' and 'how far they have been met in the past' are the two points I ought to deal with first. But I have a difficulty in doing so. For as one want is satisfied, another arises. The work which seems far out of our reach to-day may be within the range of practical politics 20 years hence: and the opening of a new railway may make roads necessary that no one had thought of till then.

"I will endeavour to show the state of things with which we began the year, and show what we did in the year, and what we intend doing in the near future. And in putting this down I will use, as a basis, the report I sent you two years ago.

"In far the greater part of Khándesh the water is good and ample: wells and streams abound. The country roads are very fairly supplied with dharmshálas. The stone-built villages in the plains almost always have their chávdis. And except Chálisgaon, which does not much require it, every táluka station has got a dispensary.

"The great want of the district is undoubtedly more roads. And next after that I would put more school-houses.

"A.—I will take the roads first * * * * In the long stretch of North Tápti country which ought to have a road running from the Rájpipla boundary through Taloda, Sháháda, Shirpur, Chopda, Yával, Ráver and so on towards Barhánpur, nothing of the sort has been begun yet. Nor has anything yet been done in the way of continuing the road from the Sailbári Ghát between us and Násik northwards through Pimpalner to Nandurbár.

"A glance at the map must show what a pressing need there is for more roads in Khándesh. And the works on which had there been no famine we would have spent as much money as we could, are the roads from Amalner to the Tápti, from the Tápti to Chopda, from Amalner to Párola and from Jalgaon to Bhusával. Something was done on all of these, though not nearly so much as we had wished. For the famine compelled us to spend money on three other roads where employment was badly needed: Nandurbár to Taloda: Sindkheda eastwards to Gorána: Bodwad to Edlabad. All three will, no doubt, be useful: the first and the third are indeed feeders to railway stations. But it would have been much more satisfactory to have completed those we had in hand, than to begin new ones. The completion of the 7 roads mentioned above will take several years: so that the completion of them and then the construction of a road from the Sailbári Ghát (in Násik) to Nandurbár, of a road from Bodwad through Jámner to Mhasawad, and of a great trans-Tápti road from Sagbára in the west to Barhánpur in the east, is quite a sufficient programme to occupy the Board for very many years to come.

"Besides working at the new roads described above we have done something towards metalling the more heavily worked of the existing murum ones. The process is a gradual one and I cannot tell at this moment the exact number of miles so metalled. But the roads are the Chálisgaon-Outram-Ghát road: the Songir-Nandurbár road: the Jalgaon-Dharangaon road: the Sákri-Pimpalner road: the Erandol-Dharangaon road: and the Jalgaon-Jámner road. It is good economy to metal these, as murum cuts up so deeply after heavy rain.

"B.—*Village school-houses.*—I take them next, because, as I said, the district is badly off for village school-houses; they are the great want next to roads.

"Out of the 339 Local Board schools of all grades, only 152 have even now school-houses of their own—47 sitting in rented houses and the rest in chávdis and dharmshálas. In the year just past we have been able to spend Rs. 12,000 odd on 8 new village school-houses and on additions and alterations to existing ones. But there is a deal still to be done in the way of building school-houses.

"C.—The new dispensary at Jámner was pushed on almost to completion. Every táluka station but Chálisgaon now has one. But several are required in places which are not táluka stations, *e. g.*, Edlabád, Nizámpur and Dhadgaon.

"Of *veterinary* dispensary *buildings* three are required as soon as we can provide them: and one,—the one at Dhulia,—was almost completed during the year. Some day or other

I suppose every táluka and mahál station will have its veterinary dispensary. For the present our programme does not extend beyond one at Jalgaon and one at Bhadgaon.

"D.—With chávdis the villages of the Khándesh plain are well supplied. But of course a certain number become ruinous in course of time, and have to be pulled down and rebuilt. In this year we built or rebuilt 55, and began 3 more.

"The Bhil settlements along the Sátpuras and in Western Khándesh have no chávdis. But then they do not require any.

"E.—In a climate where for three-fourths of the year a man is quite happy under a tree, *dharmsháles* are not a pressing need. But such as the need is, I think, it has been very fairly met. And in 1896-97 we completed 10 new ones, and began another one.

"F.—The flat open country, *i. e.*, the great bulk of the district, has good water and no scarcity of *wells*. It is in the western more rugged tálukas of Pimpálner, Nandurbár, Taloda and Shaháda and along the base of the Sátpuras eastwards that new wells are specially required. Sixty-two wells were worked at during the year and 55 of them actually finished."

Násik.

The expenditure on original works under the three heads of buildings, communications and water-supply amounted to 4, 7 and 5 per cent. of the total expenditure. The principal works constructed are—

5 school-houses.

1 causeway across the Nasardi river on the Násik-Trimbak road.

In addition to these 1 tank was dug and 61 wells sunk.

Poona.

The expenditure on original works under the three heads of buildings, communications and water-supply amounted to 2, 4 and 5 per cent. of the total expenditure. The principal works constructed were 5 school-houses and 13 dharmsháles. In addition to these 1 tank was dug and 60 wells sunk.

Sátára.

The expenditure on original works under the three heads of buildings, communications and water-supply amounted to 5, 7 and 4 per cent. of the total expenditure. The principal works constructed were—

9 school-houses.

8 chávdis.

6 dharmsháles.

Improvements of the existing roads and opening of a few small ones.

Besides these, 21 wells were newly sunk and the sinking of 4 wells was completed and 12 héls were constructed.

Sholápur.

The expenditure on original works under the three heads of buildings, communications and water-supply amounted to 2, 9 and 6 per cent. of the total expenditure. The principal works constructed during the year were—

3 school-houses.

17 chávdis.

11 dharmsháles.

3 roads.

1 ferry boat.

Besides these, 50 wells were sunk.

Brief notice of the working of rule 2 of the Local Boards Rules (paragraph 16 of Government Resolution No. 2843, General Department, dated 25th May 1897).

41. As regards the working of rule 2 of the Local Board Rules it appears that works committees have been appointed and do exist in theory in most

places. But the non-official members of these committees are, as a rule, apathetic and show little interest in their work. The inspection of works is usually left to the official members and this is bound to be the case as long as people fail to appreciate the public spirit which alone induces men to devote a portion of their time and attention disinterestedly to works of public utility. The members know that supineness and neglect on their part, so long as they do not involve them in any civil or criminal proceeding, are not likely to lead to any serious consequence beyond perhaps a general adverse remark in a district officer's report or a Government Resolution and no amount of rules or orders, which may or may not be obeyed, is likely to produce any better results. The rules of the Surat Local Board referred to by Government might of course be tried. But I have little faith that they will prove of much practical use.

42. It is not possible in this report to give effect to the instructions of the Government of India referred to in paragraph 1 of Government Resolution No. 4876, General Department, dated 8th instant, which was only received on the 18th idem when the report had been almost completed.

43. As required by Government Resolution No. 779 dated 30th January 1890 I append notes in original received from the Executive Engineers showing the original cost, the mileage and the present condition of the Local Fund roads in their respective charges.

I have the honour to be,
Sir,
Your most obedient Servant,
J. K. SPENCE,
Commissioner, C. D.

Sholápur, 30th July 1897.

K. R. GODBOLE, M. C. E.,
Executive Engineer, S. D.

No. 3698 of 1897.

From

E. J. EBDEN, Esquire, I. C. S.,
Commissioner, S. D.;

To

The SECRETARY to GOVERNMENT,
General Department.

Belgaum, 6th October 1897.

Sir,

I have the honour to submit the Annual Report on the working of the Local Boards in the Southern Division for the year 1896-97 and to append the prescribed statements as per margin.* The report was due to Government on the 15th August last, and the delay has been caused by the late submission of the Dhárwar Collector's report which reached me on the 5th ultimo.

* I.—Showing the constitution of the Local Boards.
II.—Showing the income of the Local Boards.
III.—Showing the expenditure of the Local Boards.
IV.—Showing the details of works for the improvement of sanitation.

Statement No. I.

2. The population has been shown according to the Imperial Census of 1891. In the area there is a slight change on account of corrections made by the Revision Survey in Kolába. There was no alteration in the number of Boards or in their constitution, there being, as in 1895-96, six District and fifty Táluka Local Boards. Of the 898 members, 486 were nominated, 397 elected, and 15 *ex-officio* (in Kánara) as in the preceding year.

3. The elective franchise was in force in the whole Division except the six talukas of Kánara noted in the margin, where the only elected members are those returned by the municipalities under Section 6 (*a*) of the Local Boards Act. The total number of meetings held was (331),—one less than the number for the preceding year. All the District Local Boards complied with the rule regarding half-yearly meetings. Out of the 21 meetings held in the aggregate, 14 were general and 7 special. The average attendance at the meetings is given below :—

1. Ankola.
2. Honávar.
3. Siddápur.
4. Sirsi.
5. Supa.
6. Yellápur.

Kánara	17	7·6	17	9
Kolába	17	8	17	9·3
Ratnágiri	21	9·8	21	9·4

Except in the Rátnagiri District the figures show a falling off in attendance. The number of meetings held by the Táluka Local Boards of Belgaum, Chikodi, Athni, Khánápur, Dhárwár, Siddápur, Panvel and Mángaon was below the minimum (4) prescribed by Government in their Resolution No. 2843, dated the 25th May 1897. Of the remaining Táluka Local Boards that of Rájápur held the largest number of meetings.

4. In respect to average attendance at the Táluka Local Board meetings, Alibág shows most satisfactory results, cent. per cent. members being present. In this respect the Chikodi Board appears to be incapable of attaining any improvement, as is shown by figures noted in the margin. This failing on the part of the Board was noticed by Government in their Resolution No. 2628 of 13th July 1894 and is due to want of interest on the part of the 15 non-official members, of whom only three on an average were present at the meetings. The average attendance (official and non-official) at each meeting for the whole Division and for each district, both for the year under report and for 1895-96, is given below:—

Ratnágiri	1·003	6·2	1·1	5·7
For the Division	1·60	5·92	1·85	5·90

Improvement is observable in non-official attendance in Kolába and Ratnágiri, but in Dharwár there is a decided deterioration. The average for the Division stands very much the same as in the preceding year. In all the districts, the average attendance was either wrongly calculated or was not given at all, and had, therefore, to be calculated in this office. The attention of the Collector is being drawn to the matter.

As regards the Managing Committee of the Dhárwár District Local Board, the Collector remarks that its working was unsatisfactory mainly through want of tact and judgment on the part of the late chairman, Ráo Bahádur R. S. Jayakar, who was unable to pull on well with the other members of the Committee. On his taking leave in February last, Ráo Sáheb R. S. Málápur was elected chairman; and since then there has been, according to Mr. Cappel, some improvement in the disposal of business by the Committee.

Statement No. II.

5. The year opened with a divisional balance of Rs. 6,97,717-6-1. The subjoined table contrasts the receipts of the year under the several heads of income.

			Net Decrease ...	72,660 14 9

There is an aggregate decrease of Rs. 95,148-3-7, which has principally occurred under the heads of "VI—Provincial Rates" and "Contributions." Under the former the cause has been the unfavourable nature of the season on account of which the amount of Land Revenue outstanding on 31st March 1897 was much larger than on the corresponding date of the preceding year. The decline under "Contributions" is due to the non-receipt, in Bijápur, of the special Provincial grant for the improvement of water-supply and sanitation, which during the year under report amounted to Rs. 1,666 as against Rs. 11,426 in 1895-96. Belgaum has similarly shared in the decrease on account of the Provincial grants for school buildings having fallen during the year by Rs. 8,636. The several sources of income contributed as follows:—

	Per cent.
(1) One-anna Cess	... 49·9
(2) Toll receipts	... 9·5
(3) Contributions from Provincial Funds ...	... 24·3
(4) Fee receipts	... 6·4
(5) Other sources	... 10

The variations under the several heads of income are explained below:—

I—Land Revenue.—The decrease is nominal, being due to the items under this head having been transferred this year to "XXXII. Civil Works—Miscellaneous" under instructions from the Accountant General.

VI—Provincial Rates.—The realizations under this head comprise the net proceeds of the one-anna cess. As has already been observed above, the large decrease is due to the non-collection, by the 31st March, of a larger proportion than usual of the land-revenue instalments owing to the presence of famine.

XVII—Police.—The proceeds under this head represent the net proceeds of the working of the Cattle Trespass Act. In October last the Collector of Bijápur reported that the price of karbi had become quintupled and that numbers of cattle were being brought to the cattle-pounds and left there unclaimed. He was directed to let such cattle loose and allow them to shift for themselves. A large number of cattle in the affected areas of Bijapur and other districts died or were killed or were taken away elsewhere for pasture. It is to these circumstances that the decrease in cattle-pound receipts is chiefly due.

XIX—Education.—The revenue realized under this head does not include the one-third share of the one-anna cess. The augmented receipts amounting to Rs. 2,086 are due to increased attendance at schools in some districts, to an extra grant of Rs. 1,800 made by the Belgaum District Local Board (General) out of its Public Works portion, and to larger sales of furniture in the Ratnágiri School of Industry. The details are:—

	Rs.	a.	p.
(1) School fees	66,701	0	6
(2) Contributions (for purchase of furniture, clocks and time-pieces for schools, &c.) ...	137	8	0
(3) Sale-proceeds of wood work and furniture from the Ratnágiri School of Industry ...	7,534	2	11
(4) Miscellaneous items...	935	3	11
Total ...	75,307	15	4

XX—Medical.—The total receipts under this head aggregated Rs. 6,682-7-2 as against Rs. 7,725-14-6 in the preceding year, showing a falling off of Rs. 1,043-7-4. The income under this head consists of contributions from municipalities for the maintenance of vaccination establishments and of hospital and dispensary receipts. There is an increase only in Belgaum and Dhárwár, due in the former to an additional grant of Rs. 300 for expenditure in the Chikodi and Khánápur Local Board dispensaries and in the latter to a grant made for the establishment of a dispensary at Kalghatgi and to better working of the hospital stoppage rules. The decrease in Bijápur was only nominal, being caused by a wrong adjustment, during the year, of Rs. 1,742 on account of the pay of vaccination establishment recovered in the preceding year.

XXI—Scientific and other Minor Departments.—The increase (Rs. 333-11-3) is caused by the entertainment, during the year, in the Belgaum District, of an Itinerating Veterinary Assistant whose appointment was vacant during the preceding year.

XXV—Miscellaneous.—The gross rise, under this head, of Rs. 580-6-3 is due to items of a fluctuating nature, such as sale-proceeds of fruits, staging bungalow receipts, and sale of old stores and materials.

XXXII—Civil Works.—The aggregate decrease under "Civil Works" amounts to Rs. 7,725-14-7, which has occurred under the sub-head "Contributions." The total revenue of Rs. 1,29,467-8-8 under civil works in charge of civil officers was composed of the following items:—

Rs.	1,09,672-11-3	—Tolls on roads and ferries.
„	515-9-11	—Rent of buildings and lands.
„	40-12 4	—Sale of stores and materials.
„	923-12-3	—Miscellaneous.
„	18,314-10-11	—Contributions.
Total Rs.	1,29,467-8-8	

Under "Tolls" there is a decrease in all districts except Belgaum and Dhárwár, which respectively show an increase of Rs. 2,646-10-0 and Rs. 669-11-10. It is due in Belgaum to the establishment of an additional toll-bar at Nipnal on the Nipáni-Mahálingpur road, and to higher bids received for some of the existing toll-bars. The increase in the Dhárwár District is not accounted for. The net decrease under tolls for the Division is Rs. 369-5-2.

The increase of Rs. 901-11-3 under "Miscellaneous" is due to the transfer, during the year under report to this head, of the sale-proceeds of trees, grass, &c., and other fluctuating items as per instructions from the Accountant General. (*Vide* remarks against I. Land Revenue.)

The subjoined table furnishes particulars of the amounts paid by private persons and municipalities.

The diminution in the income under this sub-head by nearly one-third occurred in the Dhárwár District, where private contributions for roads, &c., fell from Rs. 9,415-8-0 in 1895-96 to Rs. 1,522-11-2.

Contributions.—The receipts under this head amounted to Rs. 2,85,728-0-5 as against Rs. 3,13,683-6-8, showing a decrease of Rs. 27,955-6-3. Of the total item of Rs. 2,85,728-0-5, Rs. 6,672-6-11 contributed in the Belgaum District, as per margin,* should have been shown under XXXII Civil Works "Contributions". The

Debt.—The increase under this head is owing to the excess of Rs. 20,000 over the instalment drawn in 1895-96 (Rs. 60,000) of the Provincial loan sanctioned by Government for the Dhárwár District Local Board in their Resolution No. 1043, dated 26th March 1895, Financial Department.

Incidence.—The incidence of taxation and that of income per head of population for the Division were 1 anna 11·16 pies and 4 annas 7·5 pies respectively against 2 annas 1 pie and 4 annas 2 pies in the preceding year.

STATEMENT No. III.

5. The total expenditure incurred during the year by the several Boards was Rs. 13,46,145-9-5 as compared with Rs. 11,43,439-10-2 spent in 1895-96. The increase was chiefly due to charges on account of famine, full details of which are not given by the Collectors concerned. The subjoined table contrasts the figures for the two years, 1896-97 and 1895-96, under the several heads:—

The net increase of Rs. 2,02,705-15-3 shown above is shared by the several District Boards as shown in the margin. The causes of increase and decrease under each head of expenditure are detailed below.

18. *Administration.*—The expenditure under this head amounted to Rs. 34,060-4-7, as under:—

(*a*) Rs. 10,612-5-0 and Rs. 4,198-8-5 were spent, respectively, on the salaries of establishments and on office contingencies by the several Boards as contrasted with Rs. 14,308-13-0 and Rs. 5,007-12-1 in the preceding year.

(*b*) Rs. 19,249-7-2 were expended during the year against Rs. 19,116-1-2 in 1895-96 on account of establishments in Government offices of control, *viz.*, those of the Collectors, the Educational Inspector, S. D., and the Commissioner, S. D. This expenditure includes also fees payable for the audit of Local Fund accounts in the office of the Accountant General.

22. *Education.*—The gross expenditure under this head aggregated Rs. 4,45,400-10-2 against Rs. 4,43,702-1-10, showing an increase of Rs. 1,698-8-4. The details of the former item are:—

(*a*) Rs. 9,662-11-2 on account of the Ratnágiri School of Industry.

(*b*) Rs. 206 charges on account of a secondary school in Dhárwár.

(*c*) Rs. 3,77,994-5-5 on account of establishment charges of primary schools.

There is an increase of Rs. 3,879-1-4 under this head, which is partly due to increments sanctioned to the salaries of low-paid teachers in the Dhárwár District. The number of primary and secondary schools maintained by the several Local Boards during the year 1896-97 as well as in the previous year is contrasted in the following table:—

District.	During 1896-97.			During 1895-96.

Ratnágiri ...	175	...	175	174	...	174
Total ...	1,176	4	1,180	1,191	4	1,195

It will be seen from the above that 16 schools were closed and one new school was opened during the year. The closure of the schools was caused by the poor attendance on account of famine.

(*d*) Rs. 20,452-9-5 on account of grants towards primary education. The expenditure under this head fell from Rs. 22,748-1-11 to Rs. 20,452-9-5 during the year under report. The subjoined table classifies district by district the grants made by the Boards to municipalities as well as to private and indigenous schools for 1896-97 and 1895-96 :—

The vaccination figures (Rs. 31,393-3-2) show a decrease of Rs. 2,732-15-2 but it must be remembered that the charges under this head of 1895-96 included nearly Rs. 3,000, an item of mere adjustment in Kánara.

The sanitation charges (Rs. 1,390-11-11) increased during the year by Rs. 1,209-2-2, the excess being mainly due to the following causes :—

(1) Purchase of cholera medicines (Rs. 130-15-9) in Belgaum.

(2) Pay and travelling allowance paid to Hospital Assistants on cholera duty and purchase of permanganate of potash (Rs. 1,148-5-1) in Bijápur.

(3) Charges on account of Plague (Rs. 19-4-0) in Ratnágiri.

26—Scientific and other Minor Departments.—The expenditure under this head amounted to Rs. 4,946-13-2 against Rs. 2,835-0-6 in 1895-96. The excess of Rs. 2,111-12-8 was caused by the entertainment of Itinerating Veterinary Assistants in the Belgaum, Kolába and Ratnágiri districts.

30—Stationery and Printing.—Under this head the expenditure fell from Rs. 3,288-4-9 to Rs. 2,589-6-4 during the year under report, the decrease being due to diminished use of printed forms.

32—Miscellaneous.—The expenditure under this head (Rs. 19,070-4-7) consisted of—

Rs.	a.	p.	
400	0	0	Contribution from the Belgaum District Local Board towards the maintenance of two leper homes (Government Resolution No. 8310, dated the 22nd November 1890, Revenue Department)
11,655	6	3	Charges on account of staging bungalow establishments.
1,397	11	3	Pay of watermen's and other petty establishments attached to dharmsháles.
5,502	0	6	Miscellaneous and unforeseen charges including two-thirds assignments to Municipalities under Section 47 of the Local Boards' Act for purposes other than educational.
115	2	7	Refunds granted in the Belgaum District of private contributions received for public works.

32—Famine Relief.—The Collectors have followed different methods in treating expenditure incurred in connection with famine relief. In the district of Belgaum, charges on account of test relief works amounting to Rs. 8,652-11-3 have been shown under "Civil Works." In the Dhárwár District Rs. 1,39,477-10-3 were spent during the year on the execution of ordinary works in order to afford employment to the needy; but the Collector states that as these works were not carried out on Famine Code conditions, their cost is exhibited under "Civil Works." The Collector further adds that the amount of Rs. 1,39,477-10-3 does not represent the total amount of expenditure incurred in his district, as several bills were delayed in their adjustment until after the close of the year on account of neglect in the Huzúr Account Office. The Collector of Ratnágiri has treated similarly an item of Rs. 119-1-1 representing the charges incurred on account of test relief works. Thus the amount actually debited to famine relief during the year is only Rs. 11,712-12-3 incurred in the Bijápur District on account of test relief works, while the total amount contributed to famine relief, excluding the charges delayed in payment in the Dhárwár District, was Rs. 1,59,962-2 10.

45—Civil Works.—The expenditure under "Civil Works" is distributed under the following heads :—

	Rs.	a.	p.
(1) Civil buildings	50,061	13	10
(2) Communications	4,49,574	9	3
(3) Miscellaneous public improvements	4,099	13	3
(4) Establishment and contingencies appertaining to public works	65,202	13	6
(5) Tools and plant	8,493	12	5
(6) Water-supply and water-works	1,29,620	7	2
(7) Planting and preserving road-side trees ...	23	2	0

Debt and Interest on Debt.—Of the total amount of Rs. 36,974-15-2 shown under "Debt", Rs. 3,140-13-4 were paid by the Bijápur District Local Board in liquidation of the loan of Rs. 50,000 granted by Government to that Board to meet the expenditure in the famine of 1876-77 on the Begam tank at Bijápur and Rs. 21,814-1-10 by the Ratnágiri District Local Board in repayment of the loan made to that Board by Government for the construction of the Ambághát and subsidiary roads. The balance of the loans due by the said Boards on 31st March 1897 was respectively Rs. 12,681-7-8 and Rs. 15,519-12-7. The increase of Rs. 11,870 under "Deposits and Advances" is due to the amounts of permanent advance of certain Local Boards in the districts of Belgaum, Bijápur, Dhárwár and Kolába having been increased during the year under report to enable them to pay promptly the wages of labourers employed on test relief works. On the interest account for the current year the following sums were paid :—

Bijápur	676 14 4
Dhárwár	3,600 0 0
Ratnágiri	1,240 1 2

Balances.—The total balances, exclusive of the amount of deposits and permanent advances to the several Boards in the Division, amounted to Rs. 5,14,339-14-2 at the end of the year against Rs. 6,97,717-6-1 in 1895-96. The subjoined statement gives the details regarding the income and closing balance of each District Board for the last two years :—

In the districts of Bijápur and Ratnágiri the difference between the actual and the minimum prescribed by Government Resolution No. 107, dated 8th January 1896, is too small to need explanation. In regard to Kánara and Kolába, there has been a slight improvement. The excess is reported to be mainly due in both the districts to some of the works budgetted for in 1896-97 not having been completed within the year. The large excess balance in Belgaum has also been utilized since the close of the year, the Collector reporting that a sum of Rs. 24,598 has been appropriated by a supplementary budget. The District Board of Dhárwár has been doing its best to provide work for famine relief, and the Collector reports that the balance on 31st March 1897 has since been substantially reduced on account of famine works undertaken in the affected parts of his district.

On receipt of Government Resolution No. 2843, dated 25th May last, General Department, the opinions of the Collectors in this Division were called for as to the earliest date that can be fixed for reporting balances that will remain unutilized on 31st March following. The Collectors of Belgaum, Bijápur, Kánara and Kolába state that it is not possible to submit the information before the 10th February. The Collectors of Dhárwár and Ratnágiri on the other hand think that they can submit the required report in the second or third week of January. The reasons assigned in favour of a later date are that the cess collections are made between January and March, and it is not practicable for the Boards to know till March the amount of actual realizations. I think such collections can be fairly estimated on the averages of the past five years and the probable excess balances provided against. This matter will form the subject of a separate report.

7. The following table shows the proportion of their respective expenditure which the several Boards in each district contributed during the year under report to educational and medical objects and to public works :—

The above table will show that as in past years the highest percentage of education was in Ratnágiri and on medical objects in Kánara. As regards expenditure on public works, the percentage is less than in 1895-96 in the districts of Belgaum, Bijápur and Ratnágiri. In Kolába it is 51·2 as against 46·9 in the previous year. Thus the large increase in the divisional average is solely due to increased outlay by the Dhárwár District Board on the construction of public works for famine relief. Compared with other districts the percentage of expenditure on administration is highest in Kolába. However, the divisional percentage of expenditure under that head is less than that in the previous year, being 2·53 against 3·36.

Statement No. IV.

8. The following table gives a comparative statement of the expenditure incurred under the principal heads of village sanitation during the year under report and its predecessor :—

* Includes Rs. 58, being the pay of a watchman employed on a water-work in the Kolába District.

It is satisfactory to observe an increase of nearly 40 per cent. in the divisional total. As will appear from the details in Statement No. IV, 45 per cent. of the aggregate expenditure under the head of sanitation was incurred in the Dhárwár Collectorate. Of the other districts, Belgaum and Bijápur spent less, and Kánara, Kolába and Ratnágiri spent more than they respectively did in the previous year.

9. The details of expenditure on the improvements of water-supply in the six districts of the Division are given in the subjoined statement ;—

In respect to the construction of original water-works, the Boards were handicapped on account of famine. In all, 20 new tanks and 160 new wells were constructed during the year at an aggregate expenditure of Rs. 58,116-15-4 as compared with 20 tanks and 202 new wells costing Rs. 67,853-12-9 in the previous year. In anticipation of a scarcity of water-supply, the attention of the Collector was early directed to the improvement of the existing water-works. The number of such works repaired during the year was as per margin.

Progress in material improvement.

10. The progress in material improvement has as in previous years, been slow but steady. More money was, no doubt, expended on public works, but as regards educational and medical objects the outlay incurred was less than in the previous year. The leading particulars regarding different heads are as under:—

Communications.—In the Belgaum District out of the total outlay (Rs. 31,294-9-2) incurred on original works, Rs. 30,469-8-10 were expended on new roads. The principal roads constructed during the year were Kudchi-Terdal road, Kagwad-Athni-Shedbal road and Sutgatti-Belgaum-Kaládgi road. In the Bijápur District four important roads, *viz.*, Bijápur-Sindgi, Bijápur-Bágevádi *vid* Mangoli, Almel-Pandharpur portion from Almel to Indi and Bágevádi-Telgi, were improved at an aggregate cost of Rs. 29,015-4-1, and Rs. 20,510-5-5 were spent on repairs of existing roads. In the Dhárwár District, six important roads named in the margin, involving an expenditure of Rs. 1,08,594, were undertaken during the year under report. In the Kánara District Rs. 7,236-3-11 were spent on original communications, such as special repairs to important roads, culverts on district and village roads, reconstruction of bridges and the like. The Collector of Kánara observes that the roads in his districts are especially expensive to keep up, owing to the heavy rainfall and violent rushes of water during periods of violent storms, and that the Local Funds are handicapped by the large area of land under forest which in other districts would be cultivated and contribute to Local Funds. He states that in common justice the Forest Department should pay one-anna cess on their income, which is about eight lákhs, as they use Local Fund roads and practically pay nothing beyond a small sum of about Rs. 1,500, though the enormous timber loads wear away the roads more than any other kind of traffic. He adds that had the eight lákhs' income of the Forest Department been land revenue, the additional Local Fund income from it would have been about Rs. 53,000. The important road works under construction during the year in the Kolába District were the continuations of the Pen-Panvel road and the Purar-Phalni road. In the Ratnágiri District the important work undertaken was a bridge at Dhamapur on the Málvan-Kudal road. Maintenance of existing roads was duly attended to in all the districts.

1. Improvement of Pála-Bádámi road.
2. Navalgund-Ron road.
3. Portion of Pála-Badámi road within the Savanur limits.
4. Karajgi Railway Station road.
5. Gajendragad-Naregal road.
6. Nargund-Málápur road.

Water-supply, Improvement of Village Sites, &c.—Improvement of water-supply was paid attention to in all the districts. Twenty new tanks were dug, 160 new wells sunk and 614 existing sources of water-supply were either repaired or improved. A reference is solicited to Statement IV, which contains information regarding water-supply in detail. Removal of prickly-pear and rank vegetation received attention in 13 villages (11 in Dhárwár and 2 in Belgaum) at a cost of Rs. 3,535 against Rs. 2,215 in the previous year. Rs. 629 against Rs. 719 in 1895-96 were spent on keeping roads clean and watering them in the towns of Ankola, Siddápur, Bilgi, Supa and Yellápur in the Kánara District, where there are no municipalities.

School and other Buildings.—The number of new school and other buildings such as chávdis, dharmshálas, &c., was 15 and 27 as against 19 and 33 in the preceding year. The total expenditure incurred on such buildings was Rs. 36,888 against Rs. 30,417 in 1895-96. Due attention was paid to the repairs of the existing buildings.

Medical Objects.—During the year under report a veterinary dispensary was opened at Alibág and ordinary dispensaries at Guledgud and Kalghatgi. Dispensaries are reported to be urgently needed at Bádámi and Hungund in the Bijápur District and at Karjat in the Kolába District.

It will appear from the remarks recorded above that Dhárwár has achieved more real progress during the year than any other district.

Works Committees.

Vide also G. R. No. 4876, dated 8th September 1897, paragraph 1.

11. In paragraph 16 of their Resolution No. 2843, dated the 25th May last, Government have recommended to the atttention of other Boards the code of rules adopted by the District Local Board of Surat for the execution of works and other matters under the control of the Board. Copies of the rules have since been obtained and are under consideration by each of the Boards. In Belgaum, Bijápur, Dhárwár and Kánara, the Táluka Local Boards have each a works committee, and all works in those districts are carried out through the Táluka Local Boards. In Kolába the District Local Board has a works committee of its own, but now none such appear to be in existence in the tálukas. In Ratnágiri both the District and Táluka Boards have committees of their own. As regards the working of the committees, the Collector of Belgaum states that the members go out once a quarter to inspect some works in progress in the neighbourhood of their houses, but that the responsibility for carrying out and superintending Local Fund works devolves mainly on the Vice Presidents, who are the Mámlatdárs of the tálukas, and are aided by maistries employed under them. The Local Fund overseer, who is directly subordinate to the District Local Board, prepares plans and estimates and also inspects works carried out by Táluka Boards. In Bijápur the Collector reports that the members of the works committees inspect works in progress once in every month. In Dhárwár, as pointed out by the Collector, complaints are frequent concerning the unsatisfactory character of works executed by the Local Boards Establishment, and instances have been found in which no efficient supervision was exercised by the members of the works committees. In Kánara, the members of works committees have parts of tálukas assigned to them, in which they are supposed to inspect works in progress, and on the completion of the works they give completion certificates. In Kolába a works committee was appointed for the year under report, but it is to be regretted that it did not meet even once. The Collector observes that there is no indication of the development of non-official interest in this direction. As regards Ratnágiri, the works committee of the District Board has no executive duties, as its works are always carried out by the Executive Engineer. It leaves petty works to be done by the Taluka Boards themselves out of their own funds, sometimes making them a contribution. It also examines the estimates and plans sent up by the Táluka Boards, sanctions re-appropriations made by them and relieves the District Board of their miscellaneous duties. The Collector reports that the functions of works committees in different tálukas vary slightly, but that on the whole the arrangements made everywhere for the proper supervision of the overseers are convenient and satisfactory. The District Board has

framed rules for the guidance of overseers and mukádams which appear to have been working well. The orders of Government requiring each Local Board to maintain a register of all works and buildings in its charge, &c., are being attended to.

12. The remarks recorded by the several Collectors as regards the working of the Boards in their respective districts are as under:—

As regards the Belgaum Boards, Mr. Woodward observes that the working of the several Boards during the year was not wholly satisfactory. He says that the attendance at meetings was generally poor, even worse than in the preceding year, and that few of the non-official members can truthfully be said to have shown much interest in their duties. The Collector of Bijápur states that the working of the Boards in his district was satisfactory, and that members seem to take interest in the administration. He specially mentions the names of Ráo Sáheb Raghavendraráo Krishna, Vice-President of the District Board, and Messrs. P. A. Desái, Balwantráo Rámchandra and Basangowda Sadashivgowda for the zeal and energy they displayed in carrying out several reforms. All the Táluka Local Boards in the Dhárwár District have official Vice-Presidents except Dhárwár, Karajgi, Bankápur, and Hangal. The Collector does not speak favourably of the Vice-Presidents of Bankápur and Hángal, and remarks that the Kalghatgi Board is, as a whole, not efficient and requires close supervision. He recommends Ráo Saheb Málápur, Vice-President of the District Local Board and Chairman of the Managing Committee, for the interest he takes in his work and for his active and efficient discharge of his duties. The Collector of Kánara mentions prominently the names of Ráo Sáheb Náráyanráo Udiavar and Messrs. Shivrám Subráo Nagrakattee, Bapaya Mhal Pai and Venkatráo Gurooráo Nadig as taking interest in Local Fund matters. The Collector of Kolába does not make any remarks about the working of the Boards in his district. The Collector of Ratnágiri specially mentions Mr. Anant Yeshwant Prabhu Desái, Vice-President of the Rájápur Táluka Local Board, Mr. V. H. Barve, Vice-President of the Dápoli Board, and Ráo Sáheb R. B. Patki, Vice-President of the Chiplún Board, for the good work they have done. He does not regard the working of the Boards of the Khed and Sangameshwar tálukas as satisfactory.

13. In conclusion, I have the pleasure to record that both in the performance of their ordinary functions and of their special duties which devolved on them on account of famine, the Boards have not been found wanting in their willingness to co-operate with Government in whatever action was deemed necessary.

I have the honour to be,
Sir,
Your most obedient Servant,
E. J. EBDEN,
Commissioner, S. D.

No. 4177 OF 1897.

GENERAL DEPARTMENT.

Commissioner's Office, Karáchi,
31st August 1897.

MEMORANDUM.

The Commissioner in Sind has the honour to submit the Annual Report on the Administration of the Local Boards in the Province of Sind for the year ending 31st March 1897, together with the Statistical Tables Nos. I to IV compiled in his office.

2. The following table gives the dates of receipt of reports from the Collectors and Deputy Commissioners, and of their final replies to references made for further information or explanation :—

District.	DATE OF RECEIPT OF	
	Report.	Final reply.
Karáchi	18th June 1897 ...	27th July 1897.
Hyderabad	23rd July 1897 ...	23rd July 1897.
Shikárpur	3rd August 1897..	3rd August 1897.
Thar and Párkar ...	21st July 1897 ...	21st July 1897.
Upper Sind Frontier ...	23rd June 1897 ...	16th July 1897.

STATEMENT No. I—CONSTITUTION OF BOARDS AND MEMBERS.

3. The number of Local Boards remained the same as last year, *viz.*, 5 District and 46 Táluka Local Boards. The Collectors and Deputy Commissioners preside over the District Boards, and the Assistant or Deputy Collectors in charge of tálukas over the Táluka Boards, excepting those of Jacobabad and Shahdádpur in the Upper Sind Frontier District, which are presided over by the Mukhtiárkárs of the tálukas concerned.

4. The area and boundaries of the Boards remained unchanged in the year under report.

5. The elective system obtains in the districts of Karáchi, Hyderabad and Shikárpur, also in the táluka of Mirpur Khás and certain other villages transferred to Thar and Párkar from the Hyderabad District. But in the rest of Thar and Párkar and the Upper Sind Frontier District the elective franchise has not been applied, and the Boards consist of nominated members only.

6. The number of nominated as well as elected members remained the same as in the previous year.

7. The number of meetings held during the year was 331 against 390 in the last year, showing a decrease of 59, which occurred in all the 5 districts, but chiefly in the Shikárpur District, where only 109 meetings were held as against 148 in the previous year. The decrease is due to the prevalence of the plague which made it inconvenient to convene meetings; but the provisions of Section 34 of the Act were more largely availed of, and business was transacted by circulating papers among the members. Half-yearly meetings were held by all the District Boards, and excepting at Jacobabad all the Táluka Boards also held a sufficient number of meetings. The attention of the President of the Jacobabad Board has been invited to this matter.

8. The slight decrease which occurs in the average attendance of members is due to Upper Sind Frontier District.

The average attendance for each district and the province has been arrived at, as usual, by multiplying the average attendance at each meeting by the number of meetings held and dividing the product by the aggregate number of meetings held.

9. *I.—Land Revenue.*—To maintain uniformity in the mode of classification of certain items of income and expenditure, as desired by Government in their Resolution No. 2843 of 25th May 1897 (General Department), the sale-proceeds of road-side trees and their loppings have been credited to "32.—Civil Works—Miscellaneous," a head in Statement No. II (Revenue) which corresponds with "45.—Civil Works—Communications" in Statement No. III, in which expenditure on arboriculture connected with roads is included as directed by Government in paragraph 8 of their Resolution.

10. *VI.—Provincial Rates.*—The realizations under this head, which constitute the principal source of income of the Local Boards, amounted to Rs. 4,68,359-2-7 as against Rs. 5,28,042-5-9 in the previous year, showing a decrease of Rs. 59,683-3-2. This decrease is shared by all the districts. In the Karáchi and Upper Sind Frontier Districts the decrease is stated to be due partly to insufficiency of water-supply and partly to the fact that the collections in 1895-96 included the postponed rabi instalments of 1894-95. In the Hyderabad District it is chiefly attributable to the non-collection of Land Revenue instalments from several zamindárs who had left their native places on account of the bubonic plague. In Shikárpur it is stated to be due to the rabi crop having been greatly affected owing to the unfavourable inundation. The Thar and Párkar District shows a decrease of Rs. 40-6-0 only which needs no explanation.

11. *XII.—Interest.*—The income under this head amounted to Rs. 1,913-10-6 as against Rs. 1,805-0-2 in the previous year. It is derived from investments in Government paper of surplus balances of dispensaries and balances of certain defunct minor Municipalities in the Thar and Párkar District, abolished in 1878, made over to the Local Boards to defray expenditure on certain specified objects. The increase of Rs. 108-10-4 as compared with the receipts for the previous year is chiefly due to a further investment by the Karáchi Board of Rs. 2,800 belonging to the Sujáwal Dispensary Fund.

12. *XVII.—Police.*—The total receipts amounted to Rs. 33,174-10-2 as compared with Rs. 31,083-4-10 in the previous year, showing a net increase of Rs. 2,091-5-4. The increase, which is contributed by the districts of Shikárpur, Thar and Párkar and Upper Sind Frontier, is ascribed in Shikárpur to the opening of additional pounds, in Thar and Párkar to the Makhi Dhand pound opened in the previous year in connection with the measures taken for the suppression of outlawry, in the Sánghar Táluka having worked for 5½ months during the year under report, whereas in the previous year it worked for a fortnight only, and in the Upper Sind Frontier to a larger number of cattle having been impounded during the year under report. The decrease of Rs. 1,339-7-4 and Rs. 1,272-5-5, which occurred in the Karáchi and Hyderabad Districts respectively, is attributed by the Collectors to the impounding of fewer cattle during the year, probably due to decrease in cultivation owing to the insufficiency of water-supply.

13. *XIX.—Education.*—The receipts of Rs. 7,385-3-8 under this head are made up as follows :—

	Rs.	a.	p.
1. Fees received from students attending schools ...	1,928	3	3
2. Contributions	1,300	0	0
3. Miscellaneous	4,157	0	9

As compared with the previous year there is a net increase of Rs. 2,299-7-11 due to realizations from the sale of articles manufactured in the Industrial Schools of the Naushahro Division in the Hyderabad District which for the first time appears in the credit account, the school having been transferred to the list of Local Board Schools from the 1st June 1896.

14. *XX.—Medical.*—The total receipts, as detailed below, amounted to Rs. 2,941-11-3 against Rs. 12,199-14-10, showing a decrease of Rs. 9,258-3-7 :—

	Rs.	a.	p.
1. Hospital and Dispensary receipts	846	15	1
2. Contributions	2,039	0	0
3. Miscellaneous—other receipts...	55	12	2
	2,941	11	3

15. The decrease is chiefly due to the inclusion in the previous year's figures of a sum of Rs. 8,309-15-8, being the balance of the defunct Municipality of Shahdádpur in the Hyderabad District.

16. *XXI.—Scientific and other Minor Departments.*—The revenue under this head shows a falling off of Rs. 1,335-6-5, the total amount realized being Rs. 13,147-2-11 against Rs. 14,482-9-4 in the previous year. The total receipts are made up thus :—

	Rs.	a.	p.
1. Botanical and other Public Gardens	8,285	5	4
2. Veterinary receipts	1,541	2	10
3. Receipts on account of experimental cultivation ...	2,040	6	11
4. Other Exhibitions or Fairs	1,280	3	10
	13,147	2	11

17. As compared with the previous year the figures given under the first two items show an increase of Rs. 2,065-11-11, and the latter two, a decrease of Rs. 3,401-2-4. The former is due to improvements in gardens and the latter to (1) several important fairs having been stopped owing to the bubonic plague and (2) to smaller realizations from zamindárs on account of seed, &c., advanced to them for experimental cultivation.

18. *XXV.—Miscellaneous.*—The receipts under this head amounted to Rs. 6,654-14-8 or Rs. 979-13-0 more than the previous year. They include fees for staging bungalows, seráis, sale-proceeds of old stores and materials and other items of a fluctuating nature.

19. *XXXII.—Civil Works.*—The receipts rose from Rs. 77,586-12-1 to Rs. 85,640-5-7, as per details subjoined :—

						Net Increase ...	8,053	9	6			

20. The increase occurs chiefly under the heads "Miscellaneous" and "Contributions." The cause of increase under "Miscellaneous" is due to the fact that the item on account of sale-proceeds of road-side trees which was hitherto shown in some districts under "XXV.—Miscellaneous" and in others under "I.—Land Revenue," having in the year under report been shown by all the District Officers under "XXXII.—Civil Works" to which the amount should properly belong.

21. Subjoined are the details of the amount shown under "Contributions," an item of a fluctuating nature :—

(2)	Paid by private individuals for construction of bridges over water-courses	590	0	0

22. *Contributions.*—The receipts under this head amounted to Rs. 2,55,411-1-2 against Rs. 2,51,603-2-8 in the preceding year, thus showing an increase of Rs. 3,807-14-6. Of these, Provincial Contributions as detailed below amounted to Rs. 2,49,817-15-6 against Rs. 2,47,383-2-8 in the previous year :—

23. The balance, *viz.*, Rs. 5,593-1-8, represents contributions from other Boards. Rs. 2,500 were contributed by the District Local Board of Shikárpur to that of the Upper Sind Frontier on account of the Sind Horse Show held at Jacobabad during the year under report. The remaining contributions were

made by the Local Boards of Karáchi, Thar and Párkar, Shikárpur and Upper Sind Frontier and by the Hyderabad Municipality for—

26. *XVIII.—Administration.*—The expenditure under this head amounted to Rs. 24,130-8-1. As compared with the previous year there is an increase of Rs. 1,378-8-1, which occurred in Hyderabad, Shikárpur and Upper Sind Frontier Districts owing to more having been spent on contingencies and establishment in Local Fund Offices than last year.

27. *XX.—Police.*—No expenditure was incurred under this head during the year under report or in the previous year.

28. *XXII.—Education.*—The total expenditure under this head was Rs. 2,44,261-1-6 against Rs. 2,57,021-0-6, or Rs. 12,759-15-0 less than in the previous year. The decrease occurred in all the districts and is chiefly due to (1) discontinuance of proficiency and capitation allowances, (2) schools doing no useful work having been discarded, (3) highly paid teachers having been replaced by lower paid ones, (4) less expenditure having been incurred under grant to indigenous schools, &c., &c.

29. *XXIV.—Medical.*—The expenditure under this head comprises the following items:—

Items.	Karáchi.	Hyderabad.	Shikárpur.	Thar and Párkar.	Upper Sind Frontier.	Total.

30. As compared with the figures of the previous year, there is a net increase of Rs. 6,598-7-4, which is brought about by an aggregate increase of Rs. 12,395-11-4 in the Karáchi, Shikárpur and Upper Sind Frontier Districts, and a total decrease of Rs. 5,797-4-0 in the Hyderabad and Thar and Párkar Districts. The increase occurs chiefly in the Karáchi District, where a sum of Rs. 11,085-8-0 belonging to the Jati Dispensary Fund was debited to that dispensary and sent to the Accountant General, Bombay, for investment. The rise of the increase is attributed to more expenditure having been incurred on sanitary measures owing to the prevalence of the bubonic plague in Sind.

31. The decrease occurs in the Hyderabad and Thar and Párkar Districts owing to less expenditure having been incurred under the head "Hospitals and Dispensaries" in the year under report than in the previous year.

32. *XXVI.—Scientific and other Minor Departments.*—The expenditure under this head rose from Rs. 45,132-10-10 to Rs. 52,461-15-0, giving a net increase of Rs. 7,329-4-2, of which the details are stated below:—

	Increase.	Decrease.
	Rs. a. p.	Rs. a. p.
Karáchi	3,058 14 2	.....
Hyderabad	3,715 6 11	.....
Shikárpur	... ..	7,421 9 9
Thar and Párkar	1,987 8 6	.....
Upper Sind Frontier	6,089 0 4	.....
Total ...	14,850 13 11	7,421 9 9
Net Increase ...	7,429 4 2	

33. From these figures it will appear that the increase is shared by all the districts excepting the Shikárpur District, which shows a decrease of Rs. 7,421-9-9.

34. The increase in Karáchi and Thar and Párkar Districts is due to the amount spent on gardens, &c., shown under "Petty Establishment and Charges" having now been transferred under this head. In the Upper Sind Frontier District it is due to the contribution paid by the Shikárpur District Local Board for the horse show held at Jacobabad during the year under report. The same cause accounts for the greater portion of the decrease in the Shikárpur District. The services of the Itinerating Veterinary Graduate were also dispensed with in the Shikárpur District from 1st August 1896 which accounts for some of the decrease. The increase in the Hyderabad District chiefly occurs in the following items:—

(1) *Horse and Cattle Shows.*—More prizes having been paid in the year under report than in the previous year.

(2) *Botanical and other Public Gardens.*—The maintenance of new gardens in Naushahro and Guni and partly to the increased expenditure on gardens at Tando Bágo, Moro and Kandiáro.

(3) *Bull and Stallion Charges.*—Charges on account of "Spero," "Madina" and "Billy" having been paid for the whole year, whereas in 1895-96 they were maintained only for a short period in the latter part of that year.

35. *XXX.—Stationery and Printing.*—The expenditure under this head amounted to Rs. 3,665-3-0 against Rs. 1,933-13-1 in the preceding year.

36. The increase of Rs. 1,731-5-11 is attributable to more having been paid on account of printing and advertising during the year under report.

37. *XXXII.—Miscellaneous.*—The expenditure on account of establishments for travellers' bungalows, &c., amounted to Rs. 4,692-13-9 against Rs. 4,322-2-9 in the previous year. The details are given in the subjoined table:—

District.	1896-97.	1895-96.	Increase.	Decrease.	Remarks.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

Total ...	4,692 13 9	4,322 2 9	377 4 9	6 9 9	Net increase =Rs. 370-11-0.

38. The increase chiefly occurred in the Karáchi and Shikárpur Districts and is due to additional establishment entertained for musafirkhánas in the latter and purchase of cots for dharamshálas, &c., in the former district.

39. The expenditure under other petty establishments amounted to Rs. 15,144-15-3 against Rs. 57,058-5-10. The large decrease appearing under this item is due chiefly to the cost of permanent establishment for planting and preservation of road-side trees having this year been shown under "45.—Civil Works" as per Government Resolution No. 2843, dated the 25th May 1897, instead of under this head, as was shown last year.

40. Were it not for this transfer, there would have been an increase of Rs. 3,782-2-5 under this sub-head, of which Rs. 3,670-15-10 occurring in the Karáchi District is due to the entertainment of nákedárs for the registration of trade between Joongshai and Bughiar and to the increase in the expenditure of the Syedpur Tanka Ferry; and Rs. 111-2-7 is on account of an additional well-worker having been entertained in the Nasirabad Táluka (Shikárpur District) at a cost of Rs. 9 per mensem.

41. The expenditure under miscellaneous and unforeseen charges amounted to Rs. 9,313-10-1 against Rs. 2,665-13-8 in the previous year. It includes charges on account of the following items:—

(1) Contributions paid to Municipalities under Section 47 of the Bombay Local Boards Act.

(2) Ferry charges.

(3) Construction of huts for health camps and purchase of disinfectants, &c., in connection with the bubonic plague.

The large increase under this item is due to sub-head No. 3 noted above.

42. *Civil Works.*—The total expenditure under this head rose from Rs. 4,29,363-12-10 to Rs. 4,37,514-7-0, showing an increase of Rs. 8,150-10-2. Of the total expenditure, Rs. 3,73,766-9-11 and Rs. 63,747-13-1 were spent on works carried out by Civil and Public Works Department Agency, respectively. Details are given in the subjoined table:—

44. The following table shows the opening balances at the beginning of the year under report together with receipts and expenditure incurred during the year and the closing balances of the year for each district and for the whole province :—

District.	Opening Balance.	Receipts.	Total Income during the year.	Total Expenditure.	Closing Balance.	Remarks.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

45. On comparison with the figures for 1895-96, it will appear that the total receipts during the year fell from Rs. 9,30,311-12-6 to Rs. 8,74,727-14-6. The receipts of the Karáchi, Shikárpur and Upper Sind Frontier Districts did not cover the actual expenditure incurred during the year under review owing to a much larger amount having been spent on public works, but the expenditure in Hyderabad and Thar and Párkar Districts was more than covered by their receipts. The closing balance of the Hyderabad, Thar and Párkar, and Upper Sind Frontier Districts have increased, but that of the Karáchi and Shikárpur Districts stands in the aggregate Rs. 55,318-6-8 less than what it was on 31st March 1896. These balances would have been much less had not Government directed the stoppage of all but emergent works owing to financial pressure.

Statement IV.

46. The following table shows the total expenditure incurred for the improvement of village sanitation under the different heads in each district of the province :—

District.	Improvement of water-supply.	Improvement of village sites, &c., including removal of rank vegetation.	Conservancy of towns and villages.	Sanitary arrangements at fairs and festivals.	Other objects calculated to promote the safety, health, comfort and convenience of rural population.	Total.

Total ...	35,978 7 6	1,018 2 8	52 9 6	555 2 3	.....	38,076 5 11

47. The total expenditure was less by Rs. 11,787-14-2 than that in the previous year; the decrease occurred in the Hyderabad, Shikárpur and Upper Sind Frontier Districts chiefly under the head "Improvement of water-supply." Of the total sum shown under "Water-supply," Rs. 20,762-8-9 were spent on original works, such as wells, tanks, &c., and Rs. 13,791-8-11 on improvement to the existing sources of water-supply; besides this a sum of Rs. 1,424-5-10 was spent in entertaining watchmen for guarding the sources of drinking water. No expenditure was incurred by any of the Boards in the province on improving village sites, &c., but a sum of Rs. 1,018-2-8 was incurred in the removal of prickly-pear and rank vegetation during the year against Rs. 638-8-7 in the previous year.

48. It will be noticed in the table under paragraph 22 of this report that the District Boards availed themselves, in the year under report, of a Government grant of Rs. 1,558 for the improvement of the water-supply against a sum of Rs. 7,300 in the preceding year.

49. Excepting a few roads, which have been transferred to the charge of the Executive Engineer, Fuleli Canals, in the Hyderabad District, the roads are in charge of the Mukhtyárkars, who under the orders of the Assistant Collectors carry out all repairs to them. The Chief Engineer, Indus Right Bank, and Superintending Engineer, Indus Left Bank Divisions' Nos. 1745 and 2401, dated 3rd and 13th August 1897, respectively, and the statement furnished by the Executive Engineer, Fuleli Division, regarding Local Fund roads in his charge, are appended as required by Government in their Resolution No. 779 of the 30th January 1890.

50. The reports from the several Collectors and Presidents of the District Local Boards in Sind are also appended.

51. The following resumé of the reports of the Collectors and Presidents of the District Local Boards in the province, showing the progress made in material improvements and describing the more important works undertaken, is added in reference to the orders contained in paragraph 15 of Government Resolution No. 3179 of the 30th July 1895.

5. Some additions were made to the Female Training College, Hyderabad, at a cost of Rs. 622-5-1.

53. In the Shikárpur District a tank was dug by the Kákar Táluka Board and 34 wells and one water trough and one cistern were constructed, and 78 wells and 8 tanks were cleared during the year of report against only 38 wells constructed and one tank dug during the preceding year. The increase is very satisfactory. The Táluka Local Board of Kákar and Mehar spent Rs. 300 in maintaining their conservancy establishment for the towns of Mehar and Khairpur Nathanshah.

54. In the Thar and Párkar District, five bridges were constructed on the road from Umarkot to Sufi at an aggregate cost of Rs. 1,837, and Rs. 5,006-4-9 were spent in constructing bridges and repairing the road along the bank of the Mithrau Canal. The former work is intended to facilitate traffic between Umarkot and Shadi Pali and through latter communication with the Railway Station at Shadi Pali. A sum of Rs. 292-14-5 was spent in constructing a bridge on the karia of Sudhir Fakir on the road from Kandiari to Tándo Mitha Khán and Rs. 2,618-9-11 were spent in constructing a traveller's bungalow at Sánghar. A school-house was also constructed at Kantio in Cháchra Táluka at a cost of Rs. 358 and a well at Bantheri in táluka Khipra at a cost of Rs. 432.

55. The following works were undertaken in the Upper Sind Frontier District:—

Communications.

Twenty-one bridges costing Rs. 8,543-14-7; one mile of the Jacobabad-Shikárpur road was embanked at an outlay of Rs. 615; 986 miles of road and 110 bridges were repaired at a cost of Rs. 16,747-11-0.

The work of planting and preservation of trees also received attention and Rs. 3,894-5-0 were spent on it.

Water-supply and Water-works.

The tank at Ghári Khyro was widened and deepened at a cost of Rs. 662-5-9, and the existing sources of water-supply were improved at an outlay of Rs. 2,018-1-3.

Miscellaneous Public Improvements.

Improvements to 16 camping grounds were carried out at a cost of Rs. 1,445-10-5.

Public Buildings.

Rs. 387 were expended for additions to the musáfirkhána at Mahár.

Additions to the existing school-building were carried out at an outlay of Rs. 391-15-9.

The total outlay on material improvements in this district was Rs. 34,705-15-9.

From the above it will be seen that the Boards are doing useful work and that the improvement of the water-supply and sanitation is not being lost sight of.

A. WINGATE,
Acting Commissioner in Sind.

To

THE SECRETARY TO GOVERNMENT,
General Department.

P. S.—Since the above was written, Government Resolution No. 4876 of 8th September has been received and the following summary is furnished of the present arrangements as regards the execution and supervision of works carried out by the District and Táluka Local Boards :—

Works are carried out either by contract or departmentally. Those costing over Rs. 2,500 are carried out by Public Works agency, and others, by Local Boards themselves, excepting in the case of works requiring professional skill, which, though costing under Rs. 2,500, are done by the Public Works Department in case the Boards have no overseers or other professional men in their employ. All District Local Boards in the province, excepting those of Karáchi, employ overseers for the purpose of preparation of plans and estimates for original as well as repair works, and for execution of such works. Plans and estimates for works costing over Rs. 500 are in each case approved by the Public Works Department for which a fee of one rupee per cent. on the estimated cost of the works is charged by them. By the employment of professional overseers by Local Boards, the Boards save the 12 per cent. payable for every work done through Public Works agency.

Taluka Boards also appoint a Works Committee who supervise works in progress and attest the certificates of completion of the works. Experience has shown that non-official members take very little interest in the carrying out of works undertaken by the Boards, and hence the work of supervision falls chiefly on the Mukhtyárkars. The Presidents of the District Local Boards, *i.e.* the Collectors and Deputy Commissioners, and the Presidents of the Táluka Boards, *i.e.* Assistant and Deputy Collectors, also inspect the works during the touring season and largely supply the initiative in works of improvement.

From

The COLLECTOR and PRESIDENT,
District Board, Karáchi;

To

The COMMISSIONER in SIND.

President's Office,
Karáchi, 15th June 1897.

Sir,

I have the honour to submit my report on the Administration of the Local Boards in this district for the year 1896-97, together with the Statements I to IV, and to offer the following remarks on the same.

Local Boards' Administration Report for 1896-97.

Statement I.

2. The population and the area of the district and the number of members of the several Boards are the same as last year, and there has been no change in the constitution of the Boards during the year.

3. The number of meetings held was 44 against 53 in the previous year, showing a decrease of 9, as detailed below:—

Name of Board.	1896-97.	1895-96.	More in 1896-97.	Less in 1896-97.
District Board, General	2	2	...	...
Karáchi-Sakro	1	1	...	...
Tatta...	5	6	...	1
Ghorábári	4	4	...	...
Sháhbandar-Jati	2	4	...	2
Sujáwal-Mirpur	2	3	...	1
Kotri-Mánjhand	4	2	2	...
Sehwan	7	8	...	1
Dádu...	12	13	...	1
Johi	5	10	...	5
Total ...	44	53	2	11

The decrease is due to the fact that owing to the prevalence of the plague the business was transacted by circulating papers. There is an increase of ·43 in the average attendance of the members, which may be considered satisfactory.

Statement II.

4. The opening balance on 1st April 1896 was Rs. 1,20,472-2-4 for the whole district.

5. *VI.—Provincial Rates—Local Rates.*—Receipts under this head amounted to Rs. 69,372-4-8 against Rs. 86,910-9-6 in the previous year, showing a decrease of Rs. 17,538-4-10, which is due partly to insufficiency of water-supply and partly to the fact that the collections in 1895-96 included the post-poned rabi instalments of 1894-95.

6. *XII—Interest on Dispensary Securities.*—Under this head there is an increase of Rs. 91-6-4, the receipts during the year being Rs. 143-12-4 against Rs. 52-6-0 in the previous year. The increase is due to a further investment of Rs. 2,800 belonging to the Sujáwal Dispensary Fund. The interest realized last year was that accrued on the Government Promissory Notes of Rs. 1,500 belonging to the Jerruck and Tháno Bula Khán Dispensary Funds.

7. *XVII—Police.—Receipts under Cattle Trespass Act.*—Receipts under this head amount to Rs. 2,019-10-5 against Rs. 3,359-1-9 in the previous year. It is difficult to assign any specific cause for this decrease, but it was probably due to decrease in cultivation owing to insufficiency of water-supply.

8. *XIX—Education.*—Receipts under this head amount to Rs. 1,342-5-7 against Rs. 1,377-8-1, showing a decrease of Rs. 35-2-6, which may be attributed to ordinary fluctuations.

9. *XX—Medical.—Hospitals and Dispensaries.*—Rs. 525-8-6 against Rs. 15-9-9. The increase is due to the unexpended balance of Rs. 419-4-6 out of the sums sent to the Accountant General for investment, having been returned by him and credited to this head.

Contributions, Rs. 1,621-0-0.—This sum consists of Rs. 121, being Kotri Municipal contribution towards the cost of vaccination, and Rs. 1,500 Karáchi Municipal contribution towards the maintenance of the Karáchi Veterinary Dispensary.

Miscellaneous, Rs. 8-2-7.—This amount represents the sale-proceeds of old stores, &c. Receipts under this head last year were Rs. 3-8-9, showing an increase of Rs. 4-9-10.

10. *XXI—Scientific and other Minor Departments—Botanical and other Public Garden Receipts, Rs. 202-9-0.*—This represents sale-proceeds of fruit and vegetables in gardens not connected with roads.

11. *Veterinary Receipts, Rs. 162-8-8.*—This amount consists of Rs. 160-14-0 on account of fees recovered for treatment of horses at the Veterinary Dispensary, and Rs. 1-10-8 on account of refund of travelling allowance.

12. *Other Exhibitions or Fairs.*—Rs. 11-3-0 against Rs. 306-8-4 in the previous year. The decrease of Rs. 295-5-4 is due to several of the important fairs having been stopped owing to the plague.

13. *XXV—Miscellaneous Receipts.*—Receipts under this head amount to Rs. 3,526-15-3 including a sum of Rs. 2,000 which was advanced from Local Funds for operations connected with the plague and subsequently recovered and credited to this head. Deducting this amount, the ordinary receipts of the year amount to Rs. 1,526-15-3 against Rs. 3,481-5-1 in the previous year, showing a decrease of Rs. 1,954-5-10, which is due first to the abolition of the travellers' bungalow at Karáchi, second to the transfer of sale-proceeds of road-side trees and the produce realized from nurseries and plantations connected with roads to "32. Civil Works," sub-head "Miscellaneous," and third to the transfer of the produce of other gardens and plantations to "Botanical and other Public Garden Receipts" subordinate to "XXI—Scientific and other Minor Departments."

14. *XXXII—Civil Works.—Tolls and Ferries, Rs. 26,885-8-1.*—This amount consists of—

	Rs.	a.	p.		Rs.	a.	p.	
(1) District Ferries ...	5,517	10	0	against	4,823	1	0	in 1895-96.

There is a decrease of Rs. 6,960-12-5 in fishery receipts which is due to unfavourable sale of farms. The grants to school-buildings show an increase of Rs. 962-0-0.

18. The incidence of taxation is annas 2-7 per-head and that of income, excluding balance, annas 6-5 against annas 3-2 and 7-2 respectively in the previous year. The decrease is due to the decrease in cess, fishery receipts, &c.

STATEMENT III.

19. *18—Administration.*—Office Establishment Rs. 3,305-8-0 against Rs. 3,416-2-11. The decrease is chiefly due to the salary of the Local Fund

Accountant having been paid for 8 months at Rs. 100 per mensem instead of Rs. 125, owing to the transfer of Mr. Damonmal to the Karáchi Municipality.

20. *Office Contingencies.*—This item amounts to Rs. 164-14-4 against Rs. 100-6-9. The increase of Rs. 64-7-7 is due to the purchase of boxes for election purposes.

21. *Payment of Establishment for Office of Accounts, Control and Audit, Rs. 986-6-4.*—This represents the expenditure on account of the following establishments:—

	Rs.	a.	p.
Establishment in Commissioner in Sind's office	329	6	8
Do. in Accountant General's office	562	0	0
Do. in Educational Inspector's office	94	15	8
	986	6	4

The increase Rs. 12-15-6 needs no explanation.

22. *Education.*—(1) *Training and Special Schools, Rs. 1,804-1-4 against Rs. 1,759-0-4 in 1895-96.* The increase Rs. 45-1-0 is insignificant and needs no explanation.

23. (2) *Primary Schools, Rs. 25,922-15-2 against Rs. 27,026-6-11 in the previous year.*—The decrease, Rs. 1,103-7-9, is due to discontinuance of proficiency and capitation allowances as stated by the Educational Inspector in Sind.

24. *Grants-in-aid.*—The following grants amounting to Rs. 11,871-8-0 were paid in 1896-97 against Rs. 13,039-4-9, which shows a decrease of Rs. 1,167-12-9:—

			Rs.	a.	p.
(1)	Grant to	Dayaram Jethmal Sind College	2,000	0	0
(2)	Do.	Sind Madressa	2,000	0	0
(3)	Do.	Medical School, Hyderabad	1,500	0	0
(4)	Do.	Karáchi Museum	600	0	0
(5)	Do.	Karáchi Municipality for Female Normal School.	1,010	0	0

(10)	Do.	Female Training College, Hyderabad ...	500	0	0
(11)	Do.	Indigenous schools within the Board's area ...	3,151	8	0
		Total ...	11,871	8	0

The decrease as stated by the Educational Inspector in Sind is due to the schools doing no useful work having been discarded. The first four grants are made out of the funds of the District Board General, and the remaining from the Educational funds.

25. *Scholarships.*—Scholarships amounting to Rs. 1,838-0-10 were paid as follows:—

			Rs.	a.	p.
(1)	Stipends in	Training College, Hyderabad	1,106	10	5
(2)	Do.	Middle and Special Schools	189	0	0
(3)	Do.	Technical School at Talti	542	6	5
		Total ...	1,838	0	10

Expenditure under this head last year amounted to Rs. 1,794-3-11. The increase Rs. 43-12-11 is insignificant and needs no explanation.

26. *Miscellaneous.*—Expenditure under this head amounts to Rs. 3,338-8-8 against Rs. 4,921-15-4 in 1895-96. The decrease Rs. 1,583-6-8 is due, as stated by the Educational Inspector in Sind, to the want of sufficient funds.

24.—Medical.

27. *Hospitals and Dispensaries.*—Expenditure under this head amounts to Rs. 20,280-2-3 against Rs. 9,056-6-7 in 1895-96. It consists of the following items:—

	Rs.	a.	p.
(1) Grant to the dispensary at Sehwan	800	0	0
(2) Do. do. at Tatta	700	0	0

(4) Do. do. at Dádu Railway Dispensary...	400	0	0
(5) Expenditure of the Local Board dispensaries ...	13,861	2	4
(6) Do. of the Richmond Crawford Veterinary Dispensary.	3,918	15	11
Total ...	20,280	2	3

These figures show an increase of Rs. 11,223-11-8, which is due, 1st, to a sum of Rs. 11,085-8-0 belonging to the Jati Dispensary Fund having been debited to that dispensary and sent to the Accountant General, Bombay, for investment; and, 2ndly, to a slight increase in the expenditure of the Karáchi Veterinary Dispensary.

28. *Sanitation and Vaccination.*—Expenditure under this head amounts to Rs. 5,848-9-8 against Rs. 5,450-8-1. The increase Rs. 393-1-7 is due to more expenditure having been incurred on sanitary measures, such as clearing rank vegetation, closing holes of snakes, &c., and to grants made to village Sanitary Boards of Arazi and Talti under Section 40 of the Village Sanitation Act.

29. *26—Scientific and other Minor Departments.*—The expenditure under this head consists of—

	Rs.	a.	p.	Rs.	a.	p.
(1) Grant to public garden, Karáchi ...	1,800	0	0			
(2) Do. Sehwan Garden	200	0	0			
				2,000	0	0
(3) Expenditure on arboriculture not connected with roads, *i. e.*, gardens ...				3,058	14	2
				5,058	14	2

The first two grants are the same as last year.

30. *30—Stationery and Printing.*—Expenditure under this head amounts to Rs. 1894-1-1 against Rs. 1,065-15-10 in the previous year. The increase is due to the printing of forms required for the new elections.

32.—Miscellaneous.

31. *Staging Bungalow, and Serái Establishment and Charges.*—Expenditure under this head amounts to Rs. 1,530-13-9 against Rs. 1,323-9-5 in 1895-96. The increase is due to the purchase of cots for dharmsháls, &c.

32. *Other Petty Establishment and Charges.*—The amount expended under this head is Rs. 13,541-9-5 against Rs. 17,866-3-7 in the past year. The decrease is due chiefly to the fact that the cost of the permanent establishment for planting and preservation of road-side trees has this year been shown under "45. Civil Works" as per Government Resolution No. 2843, dated 25th May 1897, instead of under this head as was shown last year. Were it not for this transfer there would have been an increase of Rs. 3,670-15-10 owing partly to the entertainment of nákedárs for the registration of trade between Jungsháhi and Bughiar, and partly to the increase in the expenditure of the Syedpur Tanka ferry. Rent at Rs. 2,650 per annum has been paid for the steamer for the whole of this year, whereas last year it was paid only for a few months.

33. *Miscellaneous Unforeseen Charges.*—Rs. 7,506-13-10 against Rs. 729-1-0 in the previous year. The increase Rs. 6,777-12-10 is chiefly due to the expenditure incurred in connection with the plague, such as construction of huts, purchase of disinfectants, &c.

The total expenditure on account of works and repairs both by Civil and Public Works agencies amounts to Rs. 96,888-11-6 against Rs. 90,826-0-10, showing an increase of Rs. 6,062-10-8 which is chiefly due to the transfer to this head of the charges of the permanent establishment for planting and preservation of road-side trees.

36. *Contribution to Provincial, Rs. 415-0-0.*—This is the usual contribution on account of repairs to Bagotoro road.

37. *Contributions to other Boards, Rs. 1,300-0-0.*

The balance at the close of the year would have been much smaller if Government had not directed the stoppage of works owing to the financial pressure.

I have the honour to be,

Sir,

Your most obedient Servant,

R. GILES,

Collector, and President District Board,

Karáchi.

No. 540 of 1897-98.

Local Fund Department.

From

The COLLECTOR of HYDERABAD;

To

The COMMISSIONER in SIND.

Collector's Office, July 1897.

Sir,

I have the honour to submit my annual report on the Administration of the Local Boards in the Hyderabad District for the year ending 31st March 1897 together with the Statements Nos. I to IV.

Local Boards' Administration Report for 1896-97.

2. During the year under report, Mr. Dodgson was in charge of the district.

3. The District Local Board held two meetings during the year and the Executive Committee of that Board held four.

4. A comparative statement showing the number of meetings and the average attendance is given below:—

	1895-96.		1896-97.		1896-97.			
					Increase.		Decrease.	
	Number of meetings.	Average attendance.	Number of meetings.	Average attendance.	Meetings.	Attendance.	Meetings.	Attendance.

Tando Bago do. ...	9	6	7	5	...	...	2	1
Dero Mohbat do. ...	10	7	7	7	...	...	3	...
Tando Alahyar do. ...	7	7	7	7	...	...	...	...

Kandiáro	10	8	9	6	...	...	1	2
	103	95	93	94	7	6	17	7

The above table shows a decrease in the number of meetings and attendance. The reasons assigned for the decrease are that there was no necessity to hold more meetings.

5. The population and the area of the district and the number of the members of the several Boards are the same as last year, and there has been no change in the constitution of the Boards during the year.

Statement II.

6. The year opened with a balance of Rs. 90,955-13-11, as shown below:—

	Rs.	a.	p.
General	35,111	7	4
Educational	16,040	1	9
Dispensaries	3,249	7	11
Veterinary Dispensary	6,588	10	7
Tálukas	33,616	2	4
Advances	3,650	0	0

The following remarks explain causes of increase and decrease as well as the figures generally under the various heads as compared with the previous year.

7. Sale-proceeds of trees and loppings thereof.

The entries hitherto made here have been shown under '32. Civil Works' 'Miscellaneous' as required by the Commissioner in Sind's No. 3384 of 5th July 1897, copy of which has been forwarded to this office under No. 3454 of $\frac{9}{10}$ idem.

8. *VI.—Provincial Rates.*

		Rs.	a.	p.
Local rates, 1895-96	...	1,31,573	7	0
„ 1896-97	...	1,24,062	12	6
Decrease ... Rs.		7,510	10	6

The decrease may be explained by the fact that in consequence of bubonic plague several zamindárs, from whom land-revenue instalments were due, had left their native places and gone out, and the result was that all collections could not be made during the year. This brought about a proportionate decrease in the local cess collected.

The following amounts were transferred by the District Local Board during the year :—

	Rs.	a.	p.
Contribution towards Sind—			
Arts College and Madressa	4,000	0	0
Contribution to the educational portion on account of share of cost of establishment employed in the office of the Educational Inspector in Sind	198	6	2
Dispensaries	1,750	0	0
Tháru Shah 850			
Boulton 400			
Badin 300			
Naushahro 200			
Veterinary Dispensary	1,500	0	0
Rs.	7,448	6	2

The Táluka Local Board of Naushahro transferred Rs. 550 to the dispensary at Naushahro.

9. *XII.—Interest.*

The receipts under this head were the same as last year, *viz.*, Rs. 883-4-10, and relate to interest received on investments of dispensary funds.

1895-96	8,024	9	10
1896-97	6,752	4	5
Decrease ... Rs.	1,272	5	5

The decrease is due to a smaller number of cattle having been impounded during the year under report.

11. *XIX.—Education.*

	Rs.	a.	p.
School fees, 1895-96	916	1	0
„ 1896-97	920	12	3

The increase is too small to necessitate any explanation.

Contribution, Rs. 3,900.—This amount was received from the following Boards towards the maintenance of the Female Training College :—

	Rs.
Karáchi Local Board	500

Shikárpur	1,100

Hyderabad Municipality	1,000
Shikárpur do.	200
Lárkhána do.	100
	3,900

The above shows an increase of Rs. 500 as compared with the figures of the previous year, which is due to a fixed annual subsidy sanctioned and given by the Hyderabad Municipality for the practising girls' school, which was taken off their hands and attached to the Female Training College.

Miscellaneous, Rs. 3,179-6-10.—This sum is made up of the following items :—

	Rs.	a.	p.
Industrial schools produced	3,032	11	9

Batta received from Courts by school-masters ...	3	4	0
Refunds	21	11	5
Other items	0	12	0
Cash recovery	75	9	5
	3,179	6	10

The increase under miscellaneous receipts is chiefly due to realizations from the sale of articles manufactured in the industrial schools of the Naushahro Division. These items appear in the credit account for the first time, as the schools have been transferred to the list of Local Board schools from the 1st June 1896.

XX.—Medical.

1895-96	3,489	12	6
1896-97	1,825	8	2

1895-96	2,645	15	0
1896-97	1,269	0	10

Do. 1896-97	16,872	0	5
Decrease ... Rs.	951	6	8

The decrease occurs chiefly in Gidu-Kotri Ferry receipts and may be explained by the fact that the North-Western Railway after deducting all expenses makes over half of the net profit to this Department, out of which one-half is credited to the District Local Board, Karáchi, and the other half to Hyderabad.

	Rs.	a.	p.
Gidu-Kotri Ferry	13,048	0	5

Office Contingencies.

	Rs.	a.	p.
1895-96	714	4	0
1896-97	1,351	14	7

The figures for 1895-96 include Rs. 114-4-0 on account of táluka office contingencies which were formerly shown under "32. Miscellaneous, other petty establishments and charges" and included in the item of Rs. 6,085-8-9. The increase may be explained by the fact that the contingent grant at the disposal of Mukhtyárkars from Provincial Funds had run short, and it was found necessary to make a contingent allowance for stationery from Local Funds to the Táluka Local Boards.

The total expenditure on account of payment of establishment for office of account, control and audit during the year amounted to Rs. 5,029-13-10 against Rs. 4,812-7-0 last year, which include Rs. 3,493-2-6 on account of Collector's office establishment as stated in this paragraph. The increase is attributable to the payment of pay and acting allowance during the absence of the Local Fund Accountant on three months' privilege leave.

The sum of Rs. 5,029-13-10 consists of the following items:—

Horse and Cattle Shows.

Two horse shows were held, one at Moro and the other at Talhár.

The Naushahro Horse Show was held at Moro on 1st February 1897 and the two following days The total amount placed at the disposal of the Horse Show Committee was Rs. 3,600, of which Government contributed Rs. 600, the District Local Board Rs. 2,000 and the Táluka Local Boards Rs. 1,000, in the following proportions :—

The brood mares and fillies were most favourably commented on, and a large proportion of horse stock judged suitable for police purposes. The number of horses exhibited was 758 against 678 last year. 11 remounts were purchased for the police and four purchases were made by private individuals and dealers. A sum of Rs. 3,187 was given away in prizes and Rs. 713 was spent on account of miscellaneous expenses incidental to the arrangement and installation of the show. A sum of Rs. 555-2-3 was spent on sanitary arrangements on fairs this year against Rs. 576-12-9 last year.

Veterinary Charges.

The total expenditure incurred under this head amounted to Rs. 2,772-11-0 against Rs. 2,799-1-1 last year. Government contributed Rs. 775 towards the maintenance of the Veterinary Dispensary and the amount has been shown under the head of provincial contributions.

The number of in-patients rose from 241 to 276 and of out-patients from 1,019 to 1,049. Out of those treated,—

1,165 were cured,	20 died,
79 relieved,	28 unknown,
3 incurable,	30 remaining.

The dispensary has completed the fourth year of its existence, and worked well. It is still located in a hired building. A site for the new building, adjacent to the north of the Forest Depôt, has been finally selected and acquired. This has been personally inspected and approved of by the Superintendent, Civil Veterinary Department. Plans and estimates for the new building have been prepared. Its construction would have been taken in hand during the year, but owing to the prevalence of famine in the Presidency the work has been postponed.

Bull and Stallion Charges.

The expenditure under this head was Rs. 1,996-7-11 against Rs. 907-12-5 last year. The increase may be explained as follows. Charges on account of 'Spero,' 'Madina' and 'Billy' have been paid for the whole year, whereas in 1895-96 small expenditure had been incurred on their account, as the animals had arrived in the latter part of that year. Charges on account of 'Maxim' have been paid during the year under report, as the stallion was received here in 1896-97. There were 8 stallions in this district and 4 more have been received during the current year, so in all there were 12.

Botanical and other Public Gardens.

	Rs.	a.	p.
1895-96...	8,220	13	1
1896-97...	10,991	14	7
Increase ...	2,771	1	6

The increase is partly due to the maintenance of new gardens in Naushahro and Guni and partly to the increased expenditure on gardens at Tando Bágo, Moro and Kandiáro. These gardens are doing well and have improved in many respects.

Provincial Statistics.

A sum of Rs. 770-9-11 was spent under this head against Rs. 800-9-6 last year, showing a decrease of Rs. 29-15-7, a trifling fluctuation which does not require any explanation.

Stationery and Printing.—Stationery purchased in the country—

	Rs.	a.	p.
1895-96	70	15	3
1896-97	71	14	5

The increase being insignificant needs no explanation.

21. *Printing.*

A sum of Rs. 208-12-4 was spent during the year against Rs. 156-10-11 last year. The increase of Rs. 52-1-5 is partly attributable to a larger number of forms having been required and partly to advertisement charges having been paid during the year.

22. 32.—MISCELLANEOUS.

Petty establishments, staging bungalow and serái establishment charges were Rs. 77-9-6 against Rs. 80-2-0.

Other petty establishments and charges in 1895-96. I have the honour to be,
Sir,
Your most obedient Servant,

C. E. S. STEELE,
Collector of Hyderabad.

No. 434 of 1897-98.

Local Fund Department.

From

The COLLECTOR and PRESIDENT,
District Local Board, Shikárpur;

To,

The COMMISSIONER in SIND.

Collector's Office,
Sukkur, 31st July 1897.

Sir,

I have the honour to submit my report on the Administration of the Local Boards in this district for the year 1896-97 together with the Statements I to IV.

Statement I.

2. The population and area of the district and the number of members of the several Boards are the same as last year, and there has been no change in the constitution of the Boards during the year.

3. The number of meetings held was 109 against 148 in the previous year, showing a decrease of 39, as shown below :—

The business of the several Boards is transacted with the aid of the Managing Committee in the case of the District Board and Works Committees in the case of Táluka Local Boards.

In 15 cases the provisions of Section 34 were availed of by circulating propositions for the sanction of the Board, as it is very inconvenient to keep proposals till the next meeting of the Board, which according to rules is held twice a year.

STATEMENT II.

Income.

4. The year opened with a balance of Rs. 79,216-1-10 for the district.

5. *I.—Land Revenue.*—Receipts from sale-proceeds of trees, grass, &c., amounted in the year under report to Rs. 1,576-4-3 against Rs. 1,887-9-6 in the previous year.

Under orders contained in the Commissioner's No. 3384 of 5th July 1897 these receipts are shown under "32. Civil Works—Miscellaneous."

6. *Provincial Rates—Local Rates.*—Receipts under this head amounted to Rs. 1,89,954-3-5 against Rs. 2,03,930-15-3, showing a decrease of Rs. 13,976-11-10, which is due to unfavourable inundation of 1895-96 which greatly affected the rabi collections. The receipts under this head chiefly depend upon Land Revenue collections. The real receipts under this head are Rs. 1,76,602-3-5, but a sum of Rs. 13,852 due from the District Board to other Boards has been added to the dispensary receipts and Veterinary Dispensary and District Board Education receipts under orders from the Accountant General; and as the adjustment could not be made in terms of Government Resolutions Nos. 3847 and 5543, dated respectively the 5th June 1891 and 3rd July 1892, it became necessary to simply show a credit here and debit elsewhere, *viz.*, "Contributions."

7. *XII—Interest on Securities belonging to Dispensaries.*—This amounted to Rs. 87-4-8, which is the same as in the previous year. It represents the interest on Government Loan Notes belonging to Mehar and Dokri dispensaries.

8. *XVII—Police.*—Under this head are shown receipts under the Cattle Trespass Act, which amounted in 1896-97 to Rs. 14,357-10-2 against Rs. 11,088-8-0 in the previous year, showing an increase of Rs. 3,269-2-2, which is due to additional cattle pounds having been opened during the year.

9. *XIX—Education.*—Receipts under this head amount to Rs. 494-5-10 against Rs. 1,202-2-9, showing a decrease of Rs. 707-12-11, which is due to the fact that no commission was realized in the year of report on the value of books purchased from Local Funds as was the case in the preceding year.

The school fees, which are included in the above sum of Rs. 494-5-10, amounted to Rs. 217-13-6 against Rs. 217-14-0 in the previous year. The decrease of 6 pies calls for no explanation.

10. *XX—Medical.* (*a*) Receipts on account of hospital stoppages amount to Rs. 574-2-9 against Rs. 542-13-6 in the previous year. The increase of Rs. 31-5-3 may be attributed to the dispensaries having been more freely resorted to during the year under report. No new dispensaries were opened during the year, but proposals to build new dispensaries at Ghotki and Rato-dero were sanctioned, and the works would be commenced in the current year.

„ 1895-96	200	0	0
Decrease ...	132	0	0

The decrease is due to no arrears of contribution towards the cost of vaccination having been recovered during the year, as was done in the preceding year.

(*c*) Miscellaneous other receipts of the year of report amounted to Rs. 2-0-3, which were on account of sale-proceeds of unserviceable boxes sold by vaccinators. The receipts of the previous year under this head were Rs. 10-0-6. The decrease of Rs. 8-0-3 is due to the fact that nothing was realized from sale of quinine to zamindárs during the year under report.

11. *XXI—Scientific and other Minor Departments.*—Botanical and other public garden receipts amounted to Rs. 2,574-3-1 as against Rs. 2,577-7-0, showing a very small decrease of Rs. 3-3-11, which requires no explanation. The receipts were from the following gardens:—

	Rs.	a.	p.
The Sháhi Bagh	1,416	15	9
The Bugri Bagh	251	0	0
The Pano Garden	770	4	8
The Mirpur Garden	27	2	11
The Dokri Garden	100	2	8
The Warah Garden	8	9	1
Total ...	2,574	3	1

Veterinary Receipts.—The receipts under this head in 1896-97 amounted to Rs. 426-0-0 against Rs. 805-5-0 in the previous year showing a decrease of Rs. 379-5-0, which is chiefly due to arrears of grant for 1894-95 having been paid by the Shikárpur Municipality in 1895-96. Rs. 420 were contributed by the Shikárpur, Lárkhána, Kambar and Rohri Municipalities towards the cost of the Itinerating Veterinary Graduate. Rs. 6 are on account of miscellaneous receipts of the Veterinary Dispensary.

12. *XXV.— Miscellaneous.*—The receipts under this head on account of

(*a*) Sale of old stores and materials,

(*b*) Staging bungalows' fees,

(*c*) Other items,

amounted to Rs. 1,422-13-2 against Rs. 814-7-6, showing an increase of Rs. 608-5-8. The increase is chiefly under the head "Other items" and is due to the following causes :—

Rs.	a.	p.	
225	0	0	paid for the construction of a well at Ubauro, and subsequently refunded, have been credited under this head.
224	8	0	adjusted by order of the Accountant General on account of the pay of syces of Government stallions has also been credited under this head.
25	0	0	recovered and credited on account of excess contribution towards the pay of a clerk employed on Local Fund work by the Educational Inspector in Sind during 1895-96.
146	0	0	were realized and credited on account of sale-proceeds of furniture of the staging bungalow at Wagan.

13. *XXXII—Civil Works.*—The total realizations under this head amounted to Rs. 16,760-4-8 against Rs. 18,119-4-3 in the previous year. The details are as follows :—

(1) Tolls and Ferries—

		Rs.	a.	p.
1896-97	...	10,741	10	5
1895-96	...	14,113	2	11
Decrease ...		3,371	8	6

The decrease is owing to the large expenditure of Rs. 3,561 having been incurred during the year of report on account of repairs to the ferry steamers which has been deducted from the receipts. The receipts shown above are the net receipts.

(2) Rent of buildings and lands—

		Rs.	a.	p.
1896-97	...	1,214	6	0
1895-96	...	1,254	12	0
Decrease ...		40	6	0

These receipts are on account of rent of shops in the Bugri Bágh and rent of shops in Sadar Bazár at Mehar. The small decrease requires no explanation.

(3) *Miscellaneous.*—A sum of Rs. 1,576-4-3 on account of sale of road-side trees and their loppings entered in former years under "I—Land Revenue : Sale of trees and grass" has this year been transferred to this head under orders of the Commissioner in Sind contained in his No. 3384 of 5th July 1897. In the previous year the receipts on account of road-side trees and their loppings amounted to Rs. 1,887-9-6. The decrease is due to loppings of trees being less than in the preceding year.

(4) *Contributions.*—These amounted to Rs. 3,228-0-0 as per details given below, against Rs. 2,551-5-4 in the previous year, showing an increase of Rs. 676-10-8.

	Rs.
(*a*) Amount of popular contribution towards the sinking of wells under the new scheme for the improvement of the village water-supply ...	1,316
(*b*) Amount contributed by the Garhi Yásin Municipality towards the cost of the dispensary	1,312
(*c*) Amount contributed by the Shikárpur Municipality towards the maintenance of roads in the Sháhi Bágh	600
	3,228

(5) There is a decrease of Rs. 1,235-5-4 in the amount of popular contributions. It is due to the fact that after receipt of orders contained in Government Resolution No. I. F.—1545 of 9th November 1896 and Government Resolution No. 3178 of 22nd September last and Government Resolution No. 3822 of 11th December last, no contributions were received from the people, because of the Provincial grants having been withdrawn by Government owing to distress in the Deccan. On the other hand, the contributions made by the Garhi Yásin and the Shikárpur Municipalities are items of increase, no such contributions having been made in the preceding year. There is thus a net increase of Rs. 676-10-8 under this head.

Contributions.

14. Contributions from Provincial to Local—

		Rs.	a.	p.
In 1896-97	...	51,349	13	5
„ 1895-96	...	65,853	12	11
Decrease ...		14,503	15	6

This decrease is not real but simply imaginary, as a sum of Rs. 13,852 on account of the following institutions contributed by the District Board has been deducted from this head and included under the head "Local Rate" under "VI.—Provincial Rates" :—

	Rs.
To Sind Arts College...	2,000
„ Mohamadan Madressa	2,000
„ Victoria Jubilee Technical Institute ...	2,500
Building grant towards masters' quarters for the Victoria Jubilee Technical Institute ...	2,252

Grants-in-aid to the following dispensaries :—

Mehar	1,000
Dokri	600
Ubauro	600
Veterinary Dispensary	2,900
	13,852

This amount *plus* Rs. 4,817-0-6 advanced by the District Board to Táluka Boards on the 31st March 1897 has been short shown in District Board receipts. The above sum of Rs. 4,817-0-6 has been distributed amongst the several Táluka Boards under the same head; consequently the only amount that requires explanation is Rs. 13,852. This has been explained. The details are as follows :—

	51,349 13 5			

(1) The decrease under the head of sand and quarry fees is due to a poor competition for the farm of Fuller's earth.

(2) There is an increase under the fishery receipts which is due to favourable bid at the sales.

(3) The decrease of Rs. 147 under "III.—Provincial Contributions" towards the repairs of roads is due to that sum having been erroneously drawn in 1895-96. It was subsequently adjusted in the same year as explained in the last year's report.

(4) As regards grant for horse show, there was no horse show held in Shikárpur in 1896-97. Hence no grant was received for the Shikárpur District. It was, however, duly paid to the Upper Sind Frontier District, where the show was held.

(5) There is a decrease of Rs. 2,155 under the head of grant for wells, because, owing to distress in the Deccan, Government withdrew their grant for improved village water-supply as explained under XXXII.—Civil Works, sub-paragraph 5 of this report.

(6) Government makes annually a grant of Rs. 3,355 to the following Local Board dispensaries :—

	Rs.
Mehar Dispensary	700
Dokri „	600
Ubauro „	600
Veterinary Dispensary	1,455
	3,355

(7) There is an increase under the head of Government Grant to School Buildings of Rs. 2,111-15-8 due to grant-in-aid bills for the previous year having been paid during the year under report.

(8) The following grants made every year towards the support of the following dispensaries, and which should have been shown in column "From other Boards" under this head, have been shown under instructions from the Accountant General under the head of "Local Rate" subordinate to VI.—Provincial rates.

Incidence of taxation per head of population	0 3 10	0 4 1
Incidence of income per head of population	0 5 7	0 6 2

The incidence shows a slight falling off.

Statement III.

Expenditure.

16. The expenditure of the several Local Boards amounted to Rs. 3,09,510-4-0 as compared with Rs. 3,28,390-15-2, showing a decrease of Rs. 18,880-11-2, which is due to the orders of Government contained in their Resolution No. I.F.—1545 of 9th November 1896, under which works not commenced were given up.

18.—Administration.

17.—Office contingencies—

	Rs. a. p.
In 1896-97 amounted to	1,169 7 0
„ 1895-96	772 11 3
Increase ...	396 11 9

The increase is due to the District Board purchasing a second-hand shamiána and to the payment of Rs. 384-5-9 on account of moiety of Darbár charges incurred by the Shikárpur Municipality in 1895 owing to the arrival of His Excellency the Governor of Bombay.

18. Payment of establishments for offices of accounts, control and audit amounted to Rs. 5,931-6-11 as compared with Rs. 5,835-14-5, showing a decrease of Rs. 95-8-6. Under this head are shown charges incurred on account of share of the cost of Local Fund clerk employed in the office of

(*a*) The Commissioner in Sind,

(*b*) The Educational Inspector,

(*c*) Accountant General's office,

and the establishment employed in the Collector's Local Fund branch of the treasury and in the offices of the two Assistant Collectors at Lárkhána and Rohri.

The increase is due to more amount having been drawn by the Accountant General on account of his audit fees.

19. *Education.*

	Rs.	a.	p.
The total amount expended under this head in 1896-97 was ...	81,088	2	2
against	87,545	1	3
in the preceding year, showing a decrease of	6,456	15	1

The decrease under the several sub-heads is explained as under :—

(*a*).—*Primary Education.*

	Rs.	a.	p.
In 1896-97	54,191	10	2
„ 1895-96	57,961	5	2
Decrease ...	3,769	11	0

Last year's figures include charges incurred on account of rent, prizes, cost of books and school furniture which have this year been shown under "Miscellaneous" subordinate to "Education" and hence the decrease. During the year under report two boys' day schools were opened with the consultation of the Táluka Boards at Shábpur in the Sukkur Táluka and Garkan in Mehar Táluka and three night schools were closed at Kakar and Khairpur Náthe Sháh in the Kakar Táluka and Dedar in the Larkhána Táluka. Thus there was a net loss of 1 school under "Primary Schools," but the attendance of pupils has increased by 257 notwithstanding that the number of schools maintained by the Boards during the year was 1 short.

(*b*).—*Grant-in-aid.*

	Rs.	a.	p.
1896-97	20,047	8	0
1895-96	21,972	0	0
Decrease ...	1,924	8	0

The expenditure of Rs. 20,047-8-0 is made up of the following items :—

		Rs.	a.
a.	Grant to Sind Arts College	2,000	0
b.	„ Sind Madressa...	2,000	0
c.	„ Technical Institute, Sukkur	2,500	0
d.	„ Building grant „	2,252	0
e.	„ Municipal Schools	1,210	0
f.	„ Indigenous Schools	8,985	8
g.	„ Female Training College, Hyderabad ...	1,100	0
	Total ...	20,047	8

The decrease of Rs. 1,924-8-0 is owing to smaller grants having been made under the head indigenous schools by Rs. 2,009-8-0, and larger grants having been made under grants-in-aid to municipal schools by Rs. 83 and building grant to Technical Institute by Rs. 2. The net decrease being Rs. 1,924-8-0.

(*c*).—*Scholarships.*

	Rs.	a.	p.
Amounted in 1896-97 as per details given below to.	2,514	14	7
„ in 1895-96	2,842	7	4
showing a decrease of ...	327	8	9
Scholarships in the Training College at Hyderabad.	2,036	13	8
„ Middle and Special Schools ...	206	0	0
Scholarship for the student sent by the Board to the Veterinary College, Bombay	272	0	11
Total ...	2,514	14	7

The decrease is in a great measure due to the purchase of Diploma Examination books for the veterinary student in 1895-96.

The Training College supplied 7 trained men for employment as masters. There were 107 trained men employed as teachers in the Primary Local Board Schools, making a total of 114. Of these 5 died and 2 retired on invalid pension, leaving 107 as before. Of these 7 were transferred to municipal schools, leaving the number of trained men on the roll to 100. The Municipalites should, I think, be required to pay something twards the cost of training the masters, as they have been making use of them of late. The matter was once before brought to the notice of the Educational Inspector in Sind, but nothing has yet been paid by the Municipalities.

(*d*) *Miscellaneous.*

The expenditure under this sub-head

	Rs.	a.	p.
amounted in 1896-97 to	4,606	2	4
while that in 1895-96 to	4,769	4	9
showing a decrease of	163	2	5

With the explanation given above under (*a*) Primary Education, there should appear considerable increase under this head, but on the contrary there is a little decrease. This is due to a certain extent to a much less amount having been spent on books, furniture, &c., during the year under report than in the preceding year.

20. *XXIV—Medical Hospitals and Dispensaries.*—The expenditure under this head

	Rs.	a.	p.
amounted to	18,945	6	6

In 1896-97	4,570	7	11
„ 1895-96	4,629	8	3

The decrease is due to certain dispensaries having been temporarily closed on account of plague, the Hospital Assistants having been deputed elsewhere on plague duty.

In 1896-97	500	0	0
„ 1895-96	...		
Increase ...	500	0	0

The increase under this head is on account of annual contribution of District Local Board towards the support of the Medical School, Hyderabad, transferred from the head "Hospitals and Dispensaries" and shown under this head under instructions from the Commissioner in Sind contained in his No. 3384 dated the 5th July 1897.

21. *XXVI.—Scientific and other Minor Departments*

(*a*) *Horse Fairs*—

No horse show was held at Shikárpur in the year of report.

(*b*) *Veterinary Charges*—

	Rs.	a.	p.
amounted in 1896-97 to ...	3,153	14	5
against in 1895-96 ...	4,109	5	2

Comparing the figures for the year under report with those of the previous year there is a falling off of Rs. 955-6-9. This is due to the fact that the services of the Itinerating Veterinary Graduate were dispensed with with effect from 1st August 1896, and consequently there was a reduction in the expenditure.

The figures showing the working of the Veterinary Dispensary are given below :—

	1896-97.	1895-96.
Number of animals admitted ...	1,025	894
Relieved ...	44	700
Cured... ...	689	95
Died... ...	45	15
Unknown ...	212	36
Remaining ...	22	29
Uncurable ...	13	19

The number of patients admitted rose from 894 to 1,025. The large increase is due to the prevalence of rinderpest amongst cattle. This epidemic spread with great rapidity over the entire Sukkur and Shikárpur tálukas and other parts of the district, and caused a havoc amongst the cattle.

The Veterinary Graduate's services are being utilised whenever there is a necessity for his presence in the district owing to cattle plague or any severe form of cattle-disease.

(*c*) *Bull and Stallion Charges—*

The expenditure under this head

	Rs.	a.	p.
amounted in 1896-97 to	2,551	3	3
against	1,739	14	10
Increase ...	811	4	5

The increase is due to the purchase of new stallion gear which was supplied to Government stallions at the Sind Horse Show Fair held in Jacobabad last January and to additional stallions having been received from Government for work. There were 3 horse and 12 donkey stallions on the 1st April 1896. Of these 1 horse was transferred to Jacobabad and 2 donkeys were shot. Three horse stallions, *viz.*, Mecca, Euphrates and Scindhia, and 1 donkey stallion, *viz.* Raven, were received in their stead. The two donkeys that were destroyed were named Kalu and John. They were sick and had become useless for stud purposes. The number of mares covered by horse stallions was 73 against 67 and that by donkey stallions was 464 against 515. The donkey stallion lent to the Khairpur State was returned by that State and soon after arrival became sick, and under orders of the Superintendent, Civil Veterinary Department, was shot. His name was Kalu, of whom mention has been made above.

(*d*) *Botanical and other Public Gardens—*

The expenditure under this head

	Rs.	a.	p.
amounted in 1896-97 to ...	4,611	13	8
against in 1895-96 ...	4,804	0	1
The decrease of ...	192	2	5

calls for no remark.

22. *29.—Superannuation Allowances and Pensions.*

Gratuities.

A sum of Rs. 30 was sanctioned for payment to Tawermal Janjimal, Supervising Tapadár, Rato-dero Táluka, in Government Resolution No. 1863 of 29th May 1896 and was allowed by the District Board in lieu of pension and gratuity under Articles 436, 463 (*c*), 502, 508, 518 (*b*), 524 (*a*) (ii) and 859 of the Civil Service Regulations.

amounted to	1,029	5	1	in 1896-97
against	200	11	10	„ 1895-96
Increase ...	828	9	3	

The increase of Rs. 828-9-3 is due to the fact that the election lists 1 and 2 of all the Boards had to be printed and published as prescribed in Section 20 of the Local Boards Act I of 1884.

24. *XXXII.—Miscellaneous.*

(*a*) *Staging Bungalows and Serái Establishments and Charges—*

The expenditure under this head

	Rs.	a.	p.
amounted in 1896-97	1,595	0	8
against	1,459	1	7
Increase ...	135	15	1

The increase is due to additional establishment entertained for musáfir-khánas.

(*b*) *Other Petty Establishment and Charges*

	Rs.	a.	p.
amounted in 1896-97	1,424	5	10
Do. in 1895-96	25,868	9	5
Decrease ...	24,444	3	7

This decrease is not real. The cost of road-side trees establishment, which used to be included under this head, has by orders contained in Government Resolution No. 2843 of 25th May 1897, paragraph 8, sub-paragraph 5, been transferred to "45. Civil Works." This amounted to Rs. 24,555-6-2 in 1895-96 which if deducted from the item of Rs. 25,868-9-5 shown above will leave only Rs. 1,313-3-3 on account of petty establishments, thus showing a net increase of Rs. 111-2-7 under this sub-head, which is due to an additional well-worker having been entertained in the Nasirabad Táluka at a cost of Rs. 9 per mensem.

(*c*) *Miscellaneous and Unforeseen Charges—*

	Rs.	a.	p.
In 1896-97	1,145	6	0
„ 1895-96	969	12	0
Increase ...	175	10	0

Under this head is shown amount of cess assigned to Municipalities under Section 47 of the Bombay Local Boards Act I of 1884. The small increase is due to increased cultivation within municipal limits.

25. *45—Civil Works in charge of Civil and Public Works Officers.*

The total expenditure under this head

	Rs.	a.	p.
during the year under report was ...	1,83,810	11	1
and in the previous year... ...	1,67,938	0	5
Increase ...	15,872	10	8

The details of expenditure are as follows, but the increase shown above is only nominal, for as explained above under XXXII—Miscellaneous, the expenditure of the year 1896-97 includes Rs. 24,191-4-10 spent on account of planting and preservation of road-side trees. If this item is deducted from the total expenditure under "45. Civil Works" for the sake of comparison with the figures for 1895-96, there will be a real decrease of Rs. 8,318-10-2. This is due to the fact that on receipt of orders contained in Government Resolution No. I.F.—1545 of 9th November 1896 several works provided in the budget for 1896-97 were postponed. The works carried out by the Public Works agency show a large increase as compared with the previous year.

This is due to several new bridges having been contracted through that agency.

Works carried out by Local Boards' own employe's.

dug during the preceding year. The increase is very satisfactory. The Táluka Local Boards of Kakar and Mehar spent Rs. 800 in maintaining their conservancy establishment for the towns of Mehar and Khairpur Náthe Sháh.

No. 341 OF 1897-98.

LOCAL FUNDS DEPARTMENT.

FROM

THE DEPUTY COMMISSIONER,
Thar and Párkar;

To

THE COMMISSIONER IN SIND.

Deputy Commissioner's Office,
Hyderabad, 20th July 1897.

SIR,

I.—Constitution.
II.—Income.
III.—Expenditure.
IV.—Sanitation.

I have the honour to submit the Annual Administration Report on the working of the Local Boards in this district for the year ending 31st March 1897 together with the four statements marginally noted.

STATEMENT I—CONSTITUTION.

2. With the exception of the Mirpur Board transferred from the Hyderabad Collectorate with effect from the 1st August 1894, the District and Táluka Local Boards were constituted under Government Resolution No. 1293, dated 12th February 1885, as modified by Government Resolution No. 4389, dated 29th June 1891.

3. The total population and area within the limits of the district shown in columns 4 and 5 is the same as shown last year, the area and population of the municipal towns of Umarkot and Mithi having been omitted from these columns.

4. The total number of members constituting the several Boards has been the same as last year, *viz.* 68, of whom 60 are nominated and 8 elected. The extension of the elective franchise to this district (exclusive of Mirpur Khás) was not considered expedient owing to the comparatively backward condition of the people, and from what I have seen of the members I think it will be advisable for at least some years to come to adhere to the present arrangement. Of the 8 elected members 6 were returned on the Mirpur Board, in which táluka the elective system is in force; the other two are representatives of the municipalities of Umarkot and Mithi.

5. The number of meetings held during the year under report was sufficient in consideration of the work to be done. The funds at the disposal of the Táluka Local Boards were so insignificant that it was not necessary to hold many meetings. The provisions of Section 34 of the Act were also availed of on 12 occasions for the circulation of propositions among the members of the District Board. The business of the Board is practically carried on by the official members. The non-official members take comparatively little interest in their duties, but content themselves generally with attending the meetings and agreeing to the proposals brought forward by the official members, who have worked satisfactorily.

6. The inadequate attendance of members at the meetings is to be accounted for in a measure by the fact that some of the members reside at long distances from the head-quarter station.

STATEMENT II.

7. The year opened with a balance of Rs. 20,472-11-9. The income of the several Boards during the year amounted to Rs. 76,752-12-4. The total amount at the disposal of the Boards was thus Rs. 97,225-8-1. The items of income and the reasons for increases and decreases as compared with the last year are given below.

VI.—Provincial Rates.

8. The receipts under this head amounted to Rs. 48,238-2-0 as against Rs. 48,278-8-0 in the previous year, showing a decrease of Rs. 40-6-0 only, which needs no explanation.

XII.—Interest.

9. The sum of Rs. 715-11-2 is on account of the interest on the closing balances of certain minor municipalities which have been abolished. These balances were invested in Government paper, and the interest is annually credited to Local Funds in consideration of which the Local Board have undertaken to maintain certain institutions in the villages concerned. The sum of Rs. 52-2-8 against dispensaries under the same head is on account of interest on Rs. 1,500 invested in Government paper for Cháchra Dispensary at 3½ per cent.

10. *XVII—Police—Receipts under Cattle Trespass Act.*—The receipts under this head amount to Rs. 6,818-10-9 as against Rs. 5,605-4-2 in the previous year, showing an increase of Rs. 1,213-6-7, which is chiefly (*a*) due to larger receipts under this head in Sánghar Táluka owing to the opening of a pound in the Makhi Dhand in connection with measures taken for the suppression of outlawry. This existed for 5½ months during the year under report, whereas at the close of the previous year it had worked for a fortnight only; (*b*) to the abundance of fodder in the Umarkot Táluka, owing to which cattle were not sent to the desert.

11. *XIX—Education.*—The sum of Rs. 58-4-0 is on account of fees levied in Khán and Mirpur schools in the táluka of Mirpur Khás. In other tálukas of this district no regular school fees are levied, as the district is generally in a backward condition as compared to other parts of Sind. The question has recently been before the Boards in connection with a proposal by Mr. E. Giles to levy fees, but they have all expressed their strong disinclination to do so.

12. The amount of Rs. 11-14-6 shown under miscellaneous is made up as follows :—

	Rs.	a.	p.
1. Unexpended amount of the usual prize allotment refunded by the Deputy Commissioner, Thar and Párkar ...	4	1	6
2. Sale-proceeds of unserviceable articles belonging to Cháchra and Nagar Schools	2	12	0
3. Pay drawn in excess by the pupil teacher of the school at Mirpur Khás and subsequently refunded	0	1	0
4. On account of examination fees levied under the middle and special school scholarship rules...	5	0	0
Total ...	11	14	6

13. *Hospitals and Dispensaries.*—The sum of Rs. 7,696-2-2, including balance and other receipts against dispensaries is composed of the following items :—

Total ...	498 10 2	2,550 0 0	4,535 0 0	52 2 8	14 12 0	45 9 4	7,696 2 2

As compared with the last year's figures there is a decrease of Rs. 93-15-3 only, which is chiefly due to larger actual balances during the year 1895-96 than in the year under report.

14. *XX—Medical Contributions, Rs. 66.*—This sum was received from the Umarkot and Mithi Municipalities towards vaccination charges under orders conveyed in Government Resolution No. 975, dated 14th March 1891, General Dpartment.

15. *XXI—Scientific and other Minor Departments.*—The decrease of Rs. 140-12-0 under garden receipts as compared with the last year's figures is due to higher bids received for garden produce during the year 1895-96.

16. *Veterinary Receipts—Rs. 890-6-3.*—Mr. Sheikh Ahmed Mahomed Ismail, who joined the Veterinary College on the condition that on finishing his course at the college he would serve this district for a period of not less than three years on a salary of Rs. 50 per mensem and that he would undertake to refund to the Board all the expenses incurred by them in the event of relinquishing his post before the expiration of the prescribed period, obtained a diploma in May 1896 and declined to serve the Board as agreed upon by him, and refunded the sum of Rs. 727-5-11 out of the total sum of Rs. 890-6-3, being the amount incurred by the Board on account of his pay, contingencies, &c. The balance of Rs. 163-0-4 was received from Mr. Manukram Jethmal, who was sent in place of Mr. Sheikh Ahmed on the same conditions and also left the college without permission in October last, having received instruction for three months only. This student was therefore made to refund the above amount.

17. The sum of Rs. 214-14-9 shown under experimental cultivation represents the sum realized on account of the price of wheat and bájri seed advanced to the zamindárs.

18. *XXV—Miscellaneous.*—The sum of Rs. 4-1-9 is on account of sale-proceeds of old materials. The amount shown under "Serái fees," *viz.*, Rs. 308-4-6, is on account of rent paid by Government servants for occupying quarters built by Local Funds and also the rent of a market at Nagar Párkar. The decrease under this head as compared with the last year's figures is Rs. 20-13-0, which is owing to a small occupancy price received for the buildings in Umarkot and Nagar tálukas. The total Rs. 22-4-10 under "Other items" is made up as follows:—

	Rs.	a.	p.
1. On account of pay of the Local Board clerk in the Educational Inspector in Sind's office drawn in excess during 1895-96	6	0	10
2. On account of damage done to Local Fund roads ...	16	4	0
	22	4	10

19. *XXXII—Civil Works.—Miscellaneous.*—The total Rs. 207-1-1 under miscellaneous is made up as follows:—

	Rs.	a.	p.
1. A sum of Rs. 92-13-1 was sanctioned for constructing a tank at Chachi in the Nagar Párkar Táluka. The contractor was advanced Rs. 43-1-0. On completion of the work, the money was drawn by the Mukhtyárkar, but as the contractor had left the táluka, and could not be traced, the balance was ordered to be credited to Local Funds as unclaimed, *i.e.*	49	12	1
2. Sale-proceeds of road-side trees and their loppings ...	157	5	0
	207	1	1

The item on account of sale-proceeds of trees has hitherto been shown in this district under head XXV—Miscellaneous, but has during the year under report been shown under XXXII—Civil Works under the authority conveyed in your No. 3384, dated the 5th instant. The increase under sale-proceeds of trees as compared with last year, *i.e.*, Rs. 16-6-0, included in the item of Rs. 32-6-11 under 25. Miscellaneous amounts to Rs. 140-15-0, which is due to a large number of trees having been sold this year.

20. The sum of Rs. 1,116-0-0 represents the contributions received from the following zamindárs for constructing wells in order to improve water-supply in villages—*vide* Government Resolution No. 1140, dated the 10th March 1896, General Department—and also for constructing bridges on karias crossing the Local Fund roads :—

		Rs.
1.	By Khudábux Khán Mari for constructing well at Allah Khai...	223

21. *Contributions.*—The total Rs. 16,214-11-9 from Provincial to Local are made up as follows :—

		Rs.	a.	p.
1.	Net proceeds of fees and fines and penalties under Bombay Act VIII of 1866	20	0	0
2.	Fees for permission to remove sand or to quarry ...	3,352	4	0
3.	Grant in lieu of one-anna cess on excise revenue ...	433	0	0
4.	Primary schools	7,345	3	8

7.	Dispensaries	2,550	0	0
8.	Grant to school buildings	1,157	4	1
		16,214	11	9

As there is no special column provided for the above items in Statement No. II they have been shown under this head as directed by Government Resolution No. 3847, dated the 5th June 1891. Comparing these receipts with those of last year, a net increase of Rs. 750-1-6 will be noticeable, which is due principally to a grant of Rs. 1,157-4-1 on account of Government grant for constructing school buildings.

22. The incidence of taxation and that of income per head of population is shown against each Board. The incidence of taxation on the whole district population is 2 annas and 4 pies per head, and the incidence of income (excluding opening balance) is 3 annas 8 pies per head. This shows an increase of pies two only on the latter as contrasted with that of the preceding year. The increase is due to the increase in the total amount of income.

STATEMENT III.

23. The sum of Rs. 2,368-1-8 under "18. Administration" is on account of pay and batta to the establishment entertained in the office of the Deputy Commissioner, Thar and Párkar. The increase under this head as compared with the figures of the last year is Rs. 11-3-5 only, which is due to increase in the expenditure under travelling allowances.

24. *Office Contingencies.*—As compared with the last year's figures there is a decrease of Rs. 447-14-8 under this head which is chiefly due to the purchase of furniture, &c., for the use of the office of the Vice-President, District Board, and for the Táluka Local Board offices during the year 1895-96.

25. The sum of Rs. 323-12-11 shown under "payments of establishment" for offices of account, control and audit is made up as follows :—

		Rs.
1.	Contribution towards the Medical School, Hyderabad ...	300

9.	Do. Indigenous Schools	772
		3,132

As compared with the last year's figures there is a decrease of Rs. 45-12-0, which is due to a decreased grant having been given towards the maintenance of indigenous schools in this district during the year under report.

35. The sum of Rs. 177-15-0 shown under bull and stallion charges is on account of feeding charges of the donkey stallion "Pharoah." As compared with the last year's figures there is an increase of Rs. 51-13-7, which is due to the increased rate of grain.

36. The sum of Rs. 2,319-2-7 shown against botanical and other public gardens is made up as follows :—

2. Expenditure on public gardens	2,269	2	7

As compared with the last year's figures there is an increase of Rs. 2,269-2-7 which is due to the amount spent on garden hitherto shown under other petty establishment and charges having now been transferred under this head—*vide* your No. 3384, dated 5th July 1897.

37. The sum of Rs. 78-10-1 represents the cost of forms. The increase of Rs. 46-6-0 under this head is due to the purchase of large number of forms.

38. The sum of Rs. 807-5-10 represents the pay of watchman employed at dharmsháls. As compared with the last year's figures there is a decrease of Rs. 4-1-3 only, which needs no explanation.

39. The sum of Rs. 179 under other petty establishment represents the expenditure for the maintenace of 2 boats at the 18th and 24th miles of the Mithrau Canal. There were originally wooden bridges at these places, but it was found necessary to remove them, as they obstructed the free flow of water and did not admit of a passage for boats. In lieu of these two bridges, ferry boats have been provided owing to decrease in traffic at these places. The boats are supplied by the Public Works Department and the working expenses are met from Local Funds.

As compared with the last year's figures there is a decrease of Rs. 3,991-1-6, which is due to the amount spent on road-side trees and public gardens hitherto shown under this head having been transferred to head communication and botanical and other public gardens—*vide* your No. 3384 dated the 5th instant.

40. The sum of Rs. 44 shown under miscellaneous and unforeseen charges is made up as follows :—

		Rs.	a.	p.
1.	Amount assigned to Umarkot Municipality under Section 47..	16	15	0
2.	Do. Mithi do. do. ...	27	1	0
		44	0	0

Civil Works in charge of Public Works Officers.

42. The expenditure under this head is Rs. 5,534-0-7, which was incurred on the following works :—

	Rs.	a.	p.
1. Constructing bridges on the Mithrau Canal road ...	3,888	0	0
2. Do. do. Thar Canal road ...	192	0	0
3. Improving and repairing the road along the bank of Mithrau Canal	1,118	4	9
4. Repairing the road along the bank of Thar Canal ...	335	11	10
Rs.	5,534	0	7

The aggregate expenditure both by Civil and Public Works Officers amounts to Rs. 25,366-9-11.

As compared with the last year's figures there is an increase of Rs. 708-10-7, which is chiefly due to the transfer of the sum of Rs. 2,356-6-9 on account of preservation of road-side trees having now been shown under head "Communication"—*vide* your No. 3384 dated the 5th instant.

As desired in your No. 1733, dated the 6th August 1895, I here mention the progress made in material improvements in this district during the year under report :—Five bridges were constructed on the road from Umarkot to Sufi at an aggregate cost of Rs. 1,837 in order to facilitate traffic between Umarkot and Shádipalli and Rs. 5,006-4-9 were spent in constructing bridges and repairing the road along the bank of the Mithrau Canal to facilitate communication with the railway at Shádipali. A sum of Rs. 292-14-5 was spent in constructing a bridge on the karia of Sudhir Fakir on the road from Kandiári to Tando Mitha Khán and Rs. 2,618-9-11 were spent in constructing a travellers' bungalow at Sánghar. A school-house was constructed at Kantio in Cháchra Táluka at a cost of Rs. 358 and a well at Bantheri in táluka Khipra at a cost of Rs. 432.

Debt Account, Rs. 1,350.

43. The debt account consists merely of the permanent advance for Local Fund works given to the following Boards :—

	Rs.	a.	p.
1. President, District Local Board, Thar and Párkar ...	50	0	0
2. Umarkot Local Board	200	0	0
3. Khipra do.	50	0	0
4. Párkar do.	150	0	0
5. Cháchra do.	300	0	0
6. Mirpur do.	300	0	0
7. Sánghar . do	300	0	0
Total Rs. ...	1,350	0	0

44. The opening balance of the District and Táluka Board on the 1st April 1896 amounted to Rs. 20,472-11-9 and the income during the year under report amounted to Rs. 76,752-12-4, making a total of Rs. 97,225-8-1. The expenditure of the year amounted to Rs. 64,996-14-7, leaving a closing balance of Rs. 32,228-9-6. The maximum balance for this district is fixed at Rs. 8,000, whereas the balance on the 1st April 1897 amounted to Rs. 32,228-9-6. The excess is due to the orders of Government regarding economy in all branches of the administration and to several works provided for in the Budget for 1896-97 having been suspended under Government Resolution No. $\frac{1556}{1005}$, dated the 18th March 1897, in order to meet possible expenditure in towns in case the plague appeared in this district. The works have, however, again been provided in the current year's Budget.

STATEMENT IV—SANITATION.

45. In the year under report one well was sunk and 28 wells repaired.

46. Although the district remained happily free from plague, practically it has been found necessary to incur certain expenses in connection therewith. During the year, Rs. 120-0-10 have been disbursed, as mentioned in paragraph 41, for the construction of "landhis" at Mirpur Khás. But this does not represent the total expenditure of the year, as "landhis" at Khipra and Shádipalli were constructed and have yet to be paid for. Moreover, owing to the outbreak of plague in Cutch Mándvi and its neighbourhood, it was found necessary to establish a number of camps of observation along the border to intercept travellers crossing the Ran of Cutch, and these have yet to be paid for. Rs. 237-8-6 on account of medicines were expended in connection with the plague as mentioned in paragraph 30, which, however, does not represent the total expenditure on this account, as other charges have been met since the close of the year.

47. Not as yet having had charge of the district during the tour season I have had few opportunities of personally inspecting works carried out by the Local Fund Department, but the few I have seen, appeared satisfactory. The office establishment has worked well under Mr. Ghanshamdás as Local Fund Accountant, regarding whom I can fully endorse Mr. Lucas' favourable opinion given in paragraph 42 of my report last year.

I have the honour to be,
Sir,
Your most obedient Servant,
H. C. MULES,
Deputy Commissioner,
Thar and Párkar.

No. 223 OF 1897-98.

LOCAL FUND DEPARTMENT.

FROM

THE DEPUTY COMMISSIONER,
Upper Sind Frontier;

To

THE COMMISSIONER IN SIND.

Deputy Commissioner's Office,
Jacobabad, 19th June 1897.

SIR,

I have the honour to submit the Annual Administration Report on the working of the Local Boards in the Upper Sind Frontier District for the year 1896-97, together with the statistical Tables I to IV in the form prescribed by the Government of India.

STATEMENT I.

2. This statement shows the strength of each Local Board, the number of meetings held, and the average attendance at each. The Local Boards of this district are constituted in accordance with Government Resolution No. 9547, dated the 3rd December 1884.

3. The total population and the area of the district are the same as shown last year.

4. The number of meetings held during the year were sufficient, except in Jacobabad Táluka. The attention of the President of the Board is invited to this deficiency, which it is hoped will not be noticed in the next year.

5. The District Local Board held two half-yearly meetings. On 19 occasions the provisions of Section 34 of the Local Boards Act were availed of.

6. The business of the Board is as usual carried on by the official members; the others do little more than attend meetings and acquiesce in the proposals placed before them, though they occasionally suggest new works such as wells, but they do no supervision of works in progress and are entirely apathetic.

STATEMENT II.

Income.

7. The year opened with a balance in hand of Rs. 57,656-11-6 as against Rs. 40,733-10-6, opening balance of the previous year. The items of income and the reasons for increases and decreases as compared with the previous year are given below.

This represents the net proceeds of the one-anna cess levied under the Sind Local Fund Act, 1865. The decrease in the cess is due

(1) Partly to the failure of crops on the Desert Canal.

(2) Partly to a larger collection of land revenue in the preceding year owing to the extensive rabi cultivation in the revenue year 1894-95 caused by the favorable inundation.

9. *XII.—Interest.*

		Rs.	a.	p.

15. The sum of Rs. 207-3-5 shown under other items is made up of the following items :—

	Rs.	a.	p.
By refund of the amount of contribution drawn in excess for 1895-96 on account of Local Fund clerk employed in the Educational Inspector's Office	6	10	3

Total ...	17,846	4	7	17,317	12	10	2,000	0	0	1,471	8	3

(1) The decrease in the grant to school buildings is partly due to Government having stopped any further payments owing to financial embarrassment—*vide* Government Resolution No. 7 of 4th January 1897, Educational Department—and partly to the construction of fewer buildings.

(2) The fishery receipts show a falling off, which is due to the unfavourable inundation during the year under report.

(3) Sand and Quarry Fees.—This is of a fluctuating nature and calls for no explanation.

(4) Grant for Horse Shows.—The Sind Horse Show is held at Jacobabad and Shikárpur every alternate year. During the year under report it was held at Jacobabad, where it will in future be held, and the Government grant was therefore credited to this district. Last year it was paid to the Shikárpur District.

(*b*) From other Boards.—Under this head are shown grants to the following dispensaries paid from Local Funds :—

	Rs.	a.	p.
Kashmor	600	0	0
Shahdádpur	800	0	0

In addition to these items a sum of Rs. 2,500 received from the Shikárpur District on account of horse-show grant is also shown under this head.

20. The income of the year from all sources was Rs. 80,710-10-7 as against Rs. 85,852-9-9, which when added to the closing balance of the last year, Rs. 57,656-11-6, gave a total of Rs. 1,38,367-6-1.

21. The incidence of taxation and that of income per head of population is shown against each Board. The incidence of taxation on the whole district population is Re. 0-4-11 and the incidence of income (excluding opening balance) is Re. 0-8-0. This shows a decrease of 9 pies in the former and 6 pies in the latter as contrasted with the preceding year.

STATEMENT III.

22. The following details are explanatory of each of the items in Statement III as stand in need of further elucidation.

23. *XVIII.—Administration.*

Office contingencies

	Rs.	a.	p.
In 1896-97 amounted to	394	1	4
In 1895-96 do.	398	0	4
Decrease ...	3	15	0

The decrease being insignificant calls for no explanation.

24. *Payment of Establishments for offices of accounts, control and audit—*

	Rs.	a.	p.
1896-97	2,723	3	10
1895-96	2,274	11	4
Increase ...	448	8	6

The amount expended under this head is on account of the cost of the Deputy Commissioner's Local Fund Establishment, Commissioner's Local Fund Establishment and Accountant General's audit fee.

The details of the amounts expended during the two years is given below:—

	1896-97.			1895-96.			Increase.			Decrease.		
	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.
1. Deputy Commissioner's Local Fund Establishment ...	2,336	8	6	1,898	12	0	437	12	6	.....		
2. Commissioner's Local Fund Establishment	164	11	4	104	11	0	60	0	4	.....		
3. Accountant General's Audit fee	222	0	0	271	0	0	.....			49	0	0
4. *Pro-rata* share of the charge on account of the Local Fund clerk of the Educational Inspector's Office proceeding on privilege leave	.....			0	4	4	.....			0	4	4
	2,723	3	10	2,274	11	4	497	12	10	49	4	4

The increase is due to the sum of Rs. 437-12-6 having been credited as per Accountant General's letter No. $\frac{\text{T.A. IV.}}{11811}$ of 4th August 1896, as the difference between the sum credited in 1895-96 and that actually due on account of contribution towards the cost of the Local Fund Establishment employed in the Deputy Commissioner's office.

Similarly during the year under report the consolidated sum of Rs. 1,898-12-0 fixed in terms of Government Resolution No. 1536, dated 2nd April 1892, has been credited to Government on account of the Establishment instead of the actual expenditure. The difference will be adjusted on receipt of intimation from the Accountant General. The increase or decrease for charges shown against

items Nos. 2 and 3 above requires no explanation, as they are of a fluctuating nature, and are based on the income of the year.

25. *XXII.—Education.*

The expenditure on primary schools amounted in

	Rs.	a.	p.
1896-97	14,957	2	9
1895-96	15,211	7	9
Decrease ...	254	5	0

which is mainly attributable to the discontinuance of proficiency and capitation allowances to school-masters.

Grant-in-aid—

	Rs.	a.	p.
1896-97	2,269	5	6
1895-96	2,363	11	0
Decrease ...	94	5	6

The items comprised under this head are the following:—

	Rs.	a.	p.
1. Sind Arts College	250	0	0
2. Mahamadan Madressa	250	0	0
3. Medical School	200	0	0
4. Midwifery School	200	0	0
5. Technical School	300	0	0
6. Female Normal School, Hyderabad ...	500	0	0
7. Grant-in-aid to Local Fund Indigenous School .	569	5	6
Total ...	2,269	5	6

The decrease is due to the indigenous schools not giving secular education having been struck off the list of aided schools.

Scholarship.—The sum of Rs. 997-7-7 shown under this head is composed of the following sums:—

	Rs.	a.	p.
1. Hyderabad Training College	949	1	5
2. Scholarships, Special and Middle Schools ...	48	6	2
Total ...	997	7	7

The decrease of Rs. 11-9-3 being insignificant calls for no remark. The amount shown under sub-head "Miscellaneous" subordinate to "22. Education" represents the cost of prize books.

On comparison with the figures of the last year there is a decrease of Rs. 396-13-5, which is due to want of sufficient funds.

XXIV.—Medical.

26. The expenditure under this head amounted in

	Rs.	a.	p.
1896-97	5,753	8	10
1895-96	4,995	4	6
Increase ...	758	4	4

This is chiefly due to increase in the expenditure under "Hospitals" and "Dispensaries." It may be noted here that the Boards incurred more expenditure during the year under report under the head "Sanitation charges" which

comprise the expenditure incurred in clearing jungle in and round the sites of villages, in terms of Government Resolution No. 2994, dated 25th August 1893, General Department, at a cost of Rs. 791-14-8, *i. e.* Rs. 203-6-1 more than the last year. Rs. 152-15-6 was spent during the year on account of the cost of conservancy establishment entertained for the town of old Thul.

XXVI.—Scientific and other Minor Departments.

27. Under the head "Horse Fairs" the expenditure was as follows :—

		Rs.	a.	p.
1896-97		5,700	0	0
1895-96		2	14	0
	Increase ...	5,697	2	0

This is due to the show being held at Jacobabad.

Bulls and stable charges—

		Rs.	a.	p.
1896-97		1,979	2	0
1895-96		1,609	13	8
	Increase ...	369	4	4

The increase is chiefly due to the high prices at which grain was selling during the year.

28. The figures under this head represent, it may be noted, two-fifths of the entire expenditure incurred on the feed and keep of the horse and donkey stallions in this district, being the proportion of the charges due by Local Fund as sanctioned by Government in terms of their Resolution No. 4613, dated 11th July 1888. In all 7 horses, 1 pony and 5 donkey stallions are maintained.

29. The sum of Rs. 47-6-0 shown under botanical and other public gardens represents the cost of vegetable and flower seeds purchased for planting in the nursery gardens in the táluka head-quarter stations in this district.

30. Under "Printing" the expenditure during the year under report is more than in the previous year :—

		Rs.	a.	p.
1896-97		130	7	6
1895-96		101	11	2
	Increase ...	28	12	4

XXXII.—Miscellaneous Establishment.

Staging bungalow, serái establishment and charges—

		Rs.	a.	p.
1896-97		682	0	0
1895-96		647	14	8

This is due to the entertainment of additional chowkidárs to look after the musáfirkhánas.

Other Petty Establishment and Charges.

		Rs.	a.	p.
1896-97		...		
1895-96		3,067	14	7

Civil Works," in accordance with the instructions contained in Government Resolution No. 2843, dated 25th May 1897.

The sum of Rs. 666-5-4 shown under "Miscellaneous Refunds" is made up of the following items :—

	Rs.	a.	p.
1. Refund of the amount of penalty imposed on contractor for delay in the completion of works	70	0	0
2. Refund of the amount of contribution made by zamindárs for sinking wells in their villages	596	5	4

32. The sum of Rs. 1,578-12-8 shown under the sub-head "Establishment and Contingencies" appertaining to "Public Works" subordinate to "45. Civil Works in charge of Civil Officers" represents the pay, travelling allowance and contingencies of the overseer's establishment. I may remark that the overseer has not only been useful for inspecting works, but prepares plans and estimates and thereby saves the Board from the 12 per cent. charges of the Public Works Department. I would here further observe that the works under each Board in my district are inspected also by Works Committees appointed for each Táluka Local Board in terms of Rule 2 of the Local Board rules consisting of not less than 5 members. The several works in progress in each táluka are inspected by them, or the Presidents or Vice-Presidents of the Boards requesting them to do so. In consequence of the members being very illiterate, however, the measurement of works and such kind of assistance as is given to the Mukhtyárkar, in the Jerruck Division for instance, cannot be applied here at present.

33. The sum of Rs. 1,690-7-0 shown under "Tools and Plant" represents the cost of a well-boring apparatus purchased by the Board with a view to test the soil before actually undertaking the construction of any well.

34. The total expenditure on civil works amounted to Rs. 40,273-3-6 as against Rs. 35,328-6-10 last year, showing an increase of Rs. 4,944-12-8. The

expenditure on planting and preservation of road-side trees, which during 1895-96 was shown under "Petty Establishments" subordinate to "32. Miscellaneous," has during the year under report been shown under "Communications Repairs" subordinate to "45. Civil Works" as explained in paragraph 31 above. In view of the prevailing famine, several works, which were provided in the Budget estimate of the year, were held in abeyance in order to reserve as large a balance in the treasury as possible, as desired by Government in their Resolution No. 4046, dated 28th November 1896.

35. The sum of Rs. 100 shown under "Contributions to other Boards" represents contribution to the Zoological Garden, Karáchi.

36. The entire expenditure of the year was Rs. 76,731-2-0 as against Rs. 68,913-10-1 last year, leaving a balance of Rs. 61,636-4-1 at the close of the year.

STATEMENT IV.

37. This statement shows the number and cost of new tanks and wells dug or sunk and other sources of water-supply repaired by each Board, and requires no comment.

38. The Village Sanitation Act is not in force in any of the villages in this district.

39. No special grants were made by Government during the year for water-supply works in this district.

40. The progress made in material improvements in this district during the year under report is detailed below:—

Communications.

Twenty-one bridges costing Rs. 8,543-14-7 were constructed in the district. One mile of the Jacobabad-Shikárpur road was embanked at an outlay of Rs. 615. 986 miles of roads and 110 bridges were repaired at a cost of Rs. 16,747-11-0. The work of planting and preservation of trees also received attention, and Rs. 3,894-5-0 were spent on it.

Water-supply and Water Works.

The tank at Garhi Khyro was widened and deepened at a cost of Rs. 662-5-9, and the existing sources of water-supply were improved at an outlay of Rs. 2,018-1-3.

Miscellaneous Public Improvements.

Improvements to 16 camping grounds were carried out at a cost of Rs. 1,445-10-5.

Public Buildings.

Rs. 387 were expended for additions to the musáfirkhána at Mahád.

Additions to the existing school building were carried out at an outlay of Rs. 391-15-9. The total outlay on material improvements in the district was Rs. 34,705-15-9.

41. The work of the Local Fund office has been carried on by Mr. Narainsing, at present Acting Head Clerk, with his usual care and ability and knowledge of detail. As he is the next senior now for promotion, it is anticipated that his services may not be available for this district for very long. I would therefore take this opportunity of noting these services, and remarking that, especially with regard to the Horse Show, he will be much missed.

I have the honour to be,

Sir,

Your most obedient Servant,

M. D. MACKENZIE,

Deputy Commissioner, Upper Sind Frontier.

DHA'RWAR.

Statement showing the Original Cost, Mileage and Present Condition of all Local Roads in charge of the Executive Engineer, Dhárwár District, for the year 1896-97.

No.	Name of Local Road.	Length in Miles.	Original Cost.	Remarks as to the present condition.
			Rs.	
1	Navalgund-Annigeri road ...	11½	1,10,226	Metalled throughout and in good order. Three unbridged streams sometimes give a little trouble.
2	Navalgund-Ron road ...	28	1,49,007	A fair-weather road only, unbridged as to the large streams.
3	Masur-Mundergi road ...	47	32,248	A fair-weather road misnamed. From Masur to Guthal the road is made or being made. North of Guthal towards Mundergi, a distance of 25 miles, there is no road at all, nor is a road likely to be made for many years. Just outside Mundergi the road is made for 9 miles only in the direction of Guthal.
4	Pálla-Badámi road ...	78	1,45,600	This also is a too ambitiously named road. From Pálla to Bankápur (19 miles) it is good murum road bridged throughout. From Bankápur to Yelvigi (14 miles) the road is bridged and metalled in the portions within British territory, and the bad breaks in the Native State of Savanúr have been repaired this year, but two nálas are yet to be bridged, but there are bad breaks in the Native State of Miraj Junior. From Yelvigi the road is through Native States for a length of 15 miles and is fair in places and indifferent in others. Near Mulgund, where British territory is again entered, there is a break of 7 miles of unmade road to Harti. From Harti to the Bádámi Frontier (37 miles) the road is fair but unbridged, and heavy in the rains. During the year 1891-92 the improvements sanctioned by the District Board in 1887 for the portion between Gadag and Kot-Umachgi (14 miles) were completed, but there is much room still for improvements. The work done so far is all good, consisting of laying a murum surface and making up the nála crossings with proper approaches and metalled roadway. The portion between Gadag and the Lakhshmeshvar boundary is now being improved.
5	Tadas-Gundi road ...	34½	Not known.	A fair-weather road mostly unbridged.
6	Harihar-Samasgi road ...	51¼	Not known.	A fair-weather road, metalled in places and mostly unbridged.
7	Byádgi-Havasbhávi road ...	10¾	24,690	Do. do.
8	Dhárwár-Tadas road ..	29¼	37,138	A partially metalled road, bridged throughout; in fair order.
		M. ft.		
9	Dhárwár-Halyal road ...	17 556	21,980	A metalled road, bridged and drained; in fair order.
10	Dhárwár-Saundatti road ...	13 1,425	29,825	Partially metalled, but unbridged
11	Motibenur-Byádgi road ...	3 0	6,720	A metalled road bridged and drained; in fair order.
12	Karajgi Railway Station road...	3 239	14,300	A newly constructed metalled road completed this year. Connects the town of Karajgi with the Railway Station. Drained, but the large nálas have only paved crossings.

W. L. CAMERON,
Executive Engineer, Dhárwár District.

No.	Classification and Names of Roads.	Length of roads maintained.	Original cost of construction.	Cost of maintenance during the year.	Average cost of maintenance during the last 5 years, per mile.	Short note on present condition.
	Village or cleared roads, with some Nálas drained and bridged.	M.	Rs.	Rs.		
1	Road from Aminally to Kumta *vid* Nilkund Ghát.	32	* Unknown ..	2,672	71	Moderate; except in Nilkund Ghát portion, which is very bad. Bridges that were in bad repair are being put in order. River crossing bad.
2	Road from Yellápur to Kodkoney *vid* Sirsi.	63	Do. ...	5,121	78	Moderate. Some steep gradients require improving between Yellápur and Sirsi. Some large wooden bridges require repairs badly. These are about to be taken in hand during the next two years. A bad slip near Sonda is to be attended to shortly.
3	Road from Siddápur to Nilkund ...	21	Do. ...	1,678	75	Fair; except where a very large slip has occurred for which a deviation is proposed to be carried out shortly. Improvement to crossing of the Mani river is being carried out early next year.
4	Road from Ankola to Madras frontier *vid* Mirjan, Kumta and Honávar.	63	Do. ...	4,980	72	Fair, but for the steep gradients at the Hebankerry and Wandur Ghát for which a project is in hand. Bridges that were in bad repair are being put in order.
5	Road from Sadáshivgad to Kadra ...	19	Do. ..	...	...	Handed over to Public Works Department for repairs this year only. Condition varying from fair to indifferent; latter especially towards Kadra side, where nála crossings are impassable in rains. Is of narrow width.

RATNA'GIRI AND KOLA'BA.

Statement showing the Local Fund Roads in charge of the Executive Engineer, Ratnágiri and Kolába Districts, with the Original Cost, Mileage and Present Condition for the year 1896-97.

No.	Name of Road.	Length in Miles.	Original Cost.	Present condition.	Remarks.
			Rs.		
1	Road from Alibág to Revas.	15	1,54,188	The road is from 18 to 20 feet in width. It is embanked, bridged and drained and has a murum surface. About four miles of the length from the Revas side run through salt marshes and the mile near Revas is in some places subject to damage by high water from Dharamtar creek. The pitched embankment is gradually settling in some places; otherwise the road is in good condition.	The flooring of the timber topped bridge at Saral in mile No. 12 which was decayed was renewed in 1896-97.
2	Salao-Korlai road...	2¼	5,359	This is a murumed road 16 feet in width, and is embanked, bridged and drained. It commences from the Revdanda creek and goes on to Korlai to meet the road which leads to Janjira Murud in Janjira State. The road is in good order.	
3	Road from Alibág to Revdanda (portion from Sakhar to Revdanda).	8	Not known...	This is also a murumed road, rather too narrow in places where it winds through villages and garden lands. It is also in places lower than the adjoining gardens and compounds, and consequently during rains the surface becomes a running stream. It is a good road, however, in fair weather.	
4	Portion of Pen-Panvel road between Dusviford and Karlhikhind.	3½	16,998	This road is 16 feet in width and is bridged and drained throughout and has a murum surface. It commences from the creek at Dusviford and ends at the foot of the Kalhikhind and is in good order.	
5	Road from Pen to Khárapáda (portion of Pen-Panvel road).	8	Not known...	It is a murum road 15 to 18 feet in width and is in good order, but it crosses three unbridged creeks which are quite impassable at times during rainy season and more or less so always at high tides.	
6	Portion of Pen-Panvel road from Karlhikhind to Palaspe.	5¾	48,174	The road is 18 feet in width and is murumed, bridged and drained. It is in good order.	
7	Pen-Panvel road (portion from Palaspe to Kolka).	1	Not known...	This is a fair-weather murum road with one large unbridged nála. It is susceptible of much improvement, especially the Palaspe village portion which is rocky and narrow.	
8	Uran-Karanja road.	5	Do. ...	This is a metalled road and is in very fair order, but the masonry works, which are old and of a defective construction, have a dilapidated appearance.	

APPENDIX V—*concluded.*

No.	Name of Road.	Length in Miles.	Original Cost.	Present condition.	Remarks.
			Rs.		
9	Road over Mutholi Khind (section of Indápur-Tale road).	2½	17,066	The road commences from a point about one mile west of Nágothna-Mahád road near Indápur and runs towards Tulla through Muthowli Khind. The length through the hills which is repaired by the Public Works Department is surfaced with murum and is bridged and drained throughout and is in good condition.	
10	Road from Chiplún to Guhágar (portion from Guhágar to Chikhli).	8	20,163	The whole road from Chiplún to Guhágar is 27 miles, out of which a portion of 8 miles was improved in 1893-94 and has been since repaired and maintained by the Public Works Department. It is 18 feet wide and bridged and drained, except in three places where the nálas are provided with causeways. The road is in good condition.
